# CHARITABLE ACTIVITIES

## SOCKTOBER

Socks + October = "Socktober" is a month-long sock drive to help homeless men, women and children during the month of October. Since inception in 2017, over 18,900 pairs of socks have been collected and taken to two area homeless shelters, McKenny Shelter for men and East Hartford Community Shelter for families. Socks are the least donated item to homeless shelters and are so important considering our cold East Coast winters. This project is a wonderful way to engage children to help families in need. We partner with Connecticut Renewal Team.

## COMMUNITY EASTER EGG HUNT

This year marks our 11th annual Easter Egg Hunt that the Club hosts for the Glastonbury community. As part of the Club's community enrichment focus, this free community event was created to give back to the families of Glastonbury. Limited to 150 children, this event has a wait list every year. Club volunteers create special eggs and activities for each age group to make the Hunt personal, challenging and fun.

"A mom came up to me and thanked me, profusely, for the egg hunt and how much she and her family enjoyed it. She has a daughter with special needs and said there are a lot of events that are not special needs friendly. She said her daughter loved the egg hunt and still hides the plastic eggs around their house pretending to find them. She was so appreciative to the Club for putting this on and can't wait for next year's." - Volunteer

## COMMUNITY IMPACT
