

FOR IMMEDIATE RELEASE: May 22, 2020

Nashville, TN. As part of its new Siemens Summer Cereal Drive Initiative, AIM-TN donates 7,000 boxes of Cereal to Metro Nashville Public Schools (MNPS) food pantries to help make a difference in the lives of families struggling through the devastating Nashville Tornadoes and now the Corvid-19 pandemic.

AIM-TN expanded its partnership with Siemens and Metro Nashville Public Schools to provide support to students and their families through its Siemens Summer Cereal Drive, and now with the MNPS semester being cancelled, families lose immediate access to these school food pantries. In addition to this challenge, this unprecedented COVID-19 environment even has schools encountering difficulties with keeping food pantries stocked.

The boxes of Cereal, which were collected through AIM-TN's partnerships and volunteer network and subsequently delivered to the pantry distribution hub established at Two Rivers Middle School, will directly impact many kids and families facing food insecurity.
