

# GLADIATOR ELECTRIC

## Supplies for the HVAC industry

- Power Whips
  - ½" and ¾"
  - Nonmetallic and Metallic
- Disconnect Switches
  - Pull apart, 30A and 60A
    - Nonfusible and Fusible
    - NEMA 3R enclosure
  - Rotary 30A, 60A, 80A, 100A
    - Nonfusible
    - NEMA 1 and 4X enclosures
- Circuit Breakers (Miniature UL489)
  - 1 pole, 2 pole, 3 pole
  - To 60A
  - Enclosures available
- Flexible Conduit and Fittings
  - ½", ¾", 1", 1 ½", 2"
  - Nonmetallic
- Definite Purpose Contactors (reverse page)
- Motor Start/Run Capacitors (reverse page)

# Supplies for the HVAC industry (page 2)

- Definite Purpose Contactors
  - 1 pole, 2 pole, 3 pole, 4 pole
  - 20A, 25A, 30A, 40A, 50A, 60A

- Motor Run/Start Capacitors
  - Made with special technology metallized film that extends capacitor life
  - Operates with the same efficiency over a wide range of temperatures and humidity.
  - Integral Pressure Sensitive Interrupter provided that will rupture connection should a higher than acceptable internal pressure occur
  - Low internal power losses conserve energy
  - Single and Dual Ratings
  - Non PCB Encapsulation
  - ECO Friendly
  - High Insulation Resistance
  - Safe Tin Plated Terminals

- Industrial Controls
  - Motor Controls
    - Contactors, Starters, Relays
    - Manual Starters
  - Variable Frequency Drives (VFD)
  - Pilot Devices, Indicating Lights
