## Basset Hound Sales Policies & Procedures

**\*\*If you are considering purchasing a puppy from us, PLEASE READ THE FOLLOWING CAREFULLY!!**

The best advice we can give is to first do your research from multiple sources about any breed before making this huge decision; not only for your family, but for the dog as well. Many healthy Basset Hounds live 13-17 years, so this is a major commitment. We see too many people online asking common questions about their own breed of dog AFTER they've purchased... That's way too late, good parents plan first.

Now, on to the details!

**\*\*Our puppies range from \$1,700.USD - \$2,200.USD, depending on their parents. The majority of our puppies are bred from full 'European bloodlines', but occasionally offer a bare minimum of 88% 'European bloodlines'.**

This price includes limited AKC registration application only. We do not offer full breeding registration.

**\*\*\*We will begin accepting deposits to reserve specific pups at 3 weeks of age. If we have a current waitlist, those on the list will be notified first, then have 12hours from the time of notification to choose and complete their deposit. If no reservation is completed within 12hours, we will then move on to the next person waiting. (Those on a wait-list have been sent numerous pictures by this point, so this is considered more than enough time to choose.)**

Puppies will not be released to go to their forever homes until they are 8 weeks of age, weaned and doing well.

**\*\*Reserving your puppy will require a \$500 NON-REFUNDABLE deposit. Once you have a pup chosen, we will email you an invoice once a signed copy of this policy is received. The deposit can then be paid through our invoice system using a major Credit Card, Debit Card or Pay-Pal. The remaining balance will be due at the time of pick up, cash is preferred.**

Please remember, the deposit is non-refundable. The only exceptions (minus the processing fee) are puppy's health, or an unforeseen circumstance on our part, which includes refusal to sell the animal. The puppy will remain in Available status until a deposit is received by us. 'First Come, First Served.'

For the remaining balance, IF you should need to pay the remainder on a card rather than cash, (No check or money order) we do require that payment be made in full a minimum of 48 hours prior to puppy's pick up, and a processing fee of 3.7% will be added to the balance owed on your invoice.

\*\*\*We reserve the right to refuse the sale of any animal to anyone who we feel cannot provide a safe and loving home for them.

\*\*\*Pups will be de-wormed at 2 weeks of age, and every 2 weeks while with us. They will be given their 6- week shots recommended by our vet at Pioneer Animal Clinic in Scottsbluff, NE. Pups will also be micro- chipped for your benefit before going home with you. Dewclaws will not be removed, as they are not an issue for Bassets.

\*\*Puppies will be sent home with 2-days worth of their current food. Although they are a dwarfed breed, they are heavy and considered a large breed!! Please keep that in mind if you switch their food.

\*\*All of our Basset Hound parents are AKC registered, healthy, and genetically tested and cleared by Paw Print Genetics. (Each parent dog is also on Pedigree Database, if you are interested, for viewing purposes only. So check out some of those beautiful champion bloodlines;)

\*\*\*We will contact you a week prior to 8-weeks old to confirm pick up arrangements, if not already made. At this point, if we do not get a response within that week, your deposit will be forfeited and the animal will become available again. At the time of arranged pick up, a no call/no show will result in the loss of your deposit and the animal will become available again. We are more than willing to work with you if your original scheduled time doesn't work out, as long as you contact us before that time.

\*\*\*We do not offer boarding\*\*\*

\*\*\*Your puppy must be picked up no later than 10-weeks old, or your deposit will be forfeited. We are willing to meet you for pick up within our 15-mile radius at no extra cost, (like Western NE Regional Airport) although we welcome you to pick up right from our homestead.

\*\*\*WE DO NOT SHIP PUPPIES\*\*\*

*(Usually)*

We've had families who've traveled from the east coast and west, some making a road-trip out of it. There are multiple hotels in Scottsbluff, NE to choose from. This is always the better option. IF you should decide to fly here however, then fly your own puppy back with you, be aware it is your responsibility alone to make sure your puppy will be able to fly back home with you to your state, after picking it up from us. Every state and airline have their own rules for animal flight and entry. Any additional certificate of health forms or vaccinations that you request in order to fly the pup will be at your expense.

Last but not least, **PLEASE** check with us before finalizing any travel arrangements to ensure those dates and time also work for us so that we can be available for your desired pick-up time.

*Initial* \_\_\_\_\_

\*\*\*\*\*Health guarantee\*\*\*\*\*

Buyers have 5 business days from the time of pick-up to have the puppy inspected by a licensed veterinarian. If a puppy is determined to have an unacceptable health problem by the buyer's veterinarian in that time frame that will significantly affect its long-term quality of life (not including illnesses/conditions such as colds, viruses, retained testicles, mange, coccidiosis, worms, etc.), and which is confirmed by the seller's veterinarian, the buyer may return the puppy at the buyer's expense. In the event of a puppy death in this time, a veterinary report from the veterinarian treating/examining the puppy must be submitted to our veterinarian for inspection. A refund or a trade for a different puppy of the same gender and approximate price will be arranged. No refunds/reimbursements for travel costs or health care are offered.

\*\*\* The guarantee is voided if the Buyer does not follow the agreement to have the puppy inspected by a licensed veterinarian for an exam within 5 business days of possession of the puppy. Buyer must also notify us within 24 hours of any unsatisfactory findings on puppy's veterinarian health exam.

\*\*\*We will not accept any responsibility for reactions to vaccines/medications, flea and tick preparations, or disorders caused by environmental factors, allergies, thyroid, autoimmune diseases, or parasitic issues that arise after the new owner takes possession. We reserve the right to use our discretion in all such matters.

\*\*\*No refunds/reimbursements/trades for loss of puppy due to owner negligence or an accident will be offered. Take good care of your new baby!

**\*\*By signing and placing a deposit to hold a puppy, you are agreeing to  
On My Way 2U Acres Sales Policies.\*\***
