

# Scholarships

The club endeavors to make lacrosse open to any child regardless of family finances. We do not want registration fees to be a barrier for kids to participate.

- For those with "free/reduced lunch" status, we provide full scholarships for registration fees.
- For others, limited funds are available for partial scholarships.

Requests for partial scholarships are made by sending an email to the Club President. Requests are reviewed and approved by the Board. Individual names are kept confidential.

Families receiving scholarships are asked to;

- take an active role in club activities, such as team manager, organizing senior night, equipment manager, etc., in addition to the normal participation expected by all families in the Club (a timer, scorekeeper, spotter, field set up).
- participate in fundraising activities.
