POTENTATE'S MESSAGE

Why write a script article in June and July? I mean, the Shrine is inactive during those months, right? We're committed to publishing a script every month this year because it's important for our organization to stay active year-round. Sure, we might skip a meeting or two, but Shriners are always out there being Shriners. It might seem extreme, but imagine if our beloved Shrine Hospitals closed for two months. People would forget about them, and it would be harder to help new patients. They might not get the treatment they need, or they'd have to go somewhere else. So let's keep up our Shriner spirit, even in the summer.

Now, onto brighter topics. Spring has hit our area of Texas hard with heavy rain, tornadoes, and high heat and humidity. But our Shrine family is tough and looking out for each other. Lately, we've been getting lots of messages on WhatsApp and texts, mostly Shriners checking on each other. People are offering spare bedrooms or generators. Sure, we enjoy our hobbies like driving little cars or brewing beer, but looking out for each other is what really makes us strong. That bond of caring truly makes us Masons, Shriners, and Family, and it's something to be proud of.

In June, we had the Texas Shrine Association (TSA) convention in San Angelo from June 5 to June 8. Many of our units and clubs were there competing and representing Sharon well. But besides the competitions, we got to take time to meet Shriners from around the state and made some great friends. Sharon, Karem, and Moslah temples teamed up for a joint hospitality room at the Holiday Inn motel. It was a chance to mingle and get to know each other better.

On June 10, at 6:00 p.m., we're having a meeting for all unit and club representatives. We're planning and kicking off the Sharon Shrine Olympics in August. It'll coincide with the summer Olympics, and it's a chance for us to have fun and be kids again. Everyone's welcome, but we really need at least one person from each unit and club.

On June 15, we're having our TSA victory party. It's not just for staff—it's for all Shriners and guests, whether you competed or not. Bring along friends who might be interested in joining. Unit and club members, come share what you've been up to and maybe inspire someone to join.

As summer starts, Lady Mickie and I want everyone to stay safe while traveling and keep up the fun and fellowship of taking care of each other. Before I go, I want to give a shoutout and thanks to everyone who helped make the Kentucky Derby party a success: Peggy and David Wells, Matthew Kilanski, Les and Ethel Crawley, Andy Roundtree, Niki and Randal Farley, Barbara Gotcher, and Chris Martinez. Also, big thanks to Jim Tidwell for mowing the grounds, and to Andy Roundtree and Robert Fletcher for their work on the back patio, and to Robert Fletcher for building the new air hockey base. Thank you all for your hard work. Remember, "Party with a Purpose."

The next stated meeting of Sharon Shriners will be held on Monday, Aug 19th dinner at 6:00 pm, meeting at 7:00 pm. The purpose of this meeting is to ballot on petitions and act on other business that may come before it.

Shriner Spotlight!

This month, we are proud to showcase noble Kenneth Morgan from Lufkin

Kenneth has been a member of Sharon Shrine since 1987, but did you know that for 40 years he has been restoring and creating beautiful works of art in a workshop tucked away in his backyard? This shop, named "Ken's Fiddle", has produced quite a fascinating story along with a feature in Lufkin Living the Life magazine in 2022!

Kenneth's journey into the world of fiddle making and restoration began because no one in the area had the expertise to restore the instruments. With a kit given to him by his wife for Christmas, Kenneth took matters into his own hands and embarked on the journey of the intricate art of fiddle construction and restoration. As he honed his skills, he eventually began making his own equipment, tools, and molds. Interestingly, each instrument comes out in a range of colors made from walnut, pecan, ash, birch, and maple. One particular instrument, which was purchased by a student at SFA, turned out a brilliant red color and impressively took second place in sound and seventh overall at the Violin Makers Association of Arizona International. Kenneth's creations have even gone on to musicians like Randy L. Moore, who was known to play with Mel Tillis. Others have gone to those who have played with Jim Reeves, Gene Watson, Ray Price, and George Strait. He has also been known to get calls from music stores all around the state with questions about the craft.

Kenneth's story is a testament to both his ingenuity and his passion for craftsmanship. It is something to be very proud of and inspired by! He not only taught himself a craft that no one in the area had experience in, but he generously shared his knowledge with many people around East Texas. As a result of this, one apprentice, a student at the time, built his own cello in Ken's shop and was featured on PBS. This student has now gone on to be a music educator. Of all of his accomplishments, bringing the passion of the craft to others is his favorite.

Over the years, Kenneth has been a great influence on so many people that were willing to learn from such a talented and passionate teacher. In fact, his impact has been so great that many of his students still stop by to visit with him to this day! Ken's legacy lies in the lives he has touched and the vast knowledge he has passed on. From selecting the finest woods to meticulously carving and shaping each component, this entire process has been a labor of love, and it truly shows.

One last fun fact, though he completely knows every in and out of a fiddle's creation, he has never learned how to play. He can, however, catch when someone misses a note on a fiddle or guitar!

We hope that you have enjoyed this spotlight on such an amazing and talented noble! Be on the lookout for more Shriner Spotlights this year!

Enjoy road trips?

Like helping families?

Looking for ways to be more involved in the shrine?

You've come to the right place because we need your help!

The transportation crew are looking to recruit more drivers. This involves filling out a drivers certification (which can be obtained through the office), and providing a doctor's note if you are 70 years or older.

Trips are typically to Shreveport and occasionally Galveston. If you are interested, please contact us so we can get you the paperwork to fill out which we will then send to our transportation coordinator Noble George Pruett. Come join the team and spend some time with our wonderful Shriner's patients and families!

THE VIEW FROM BEHIND THE GLASS

By Craig Hughes

Recorder

If, like I was for 25 years, you are a Shriner outside the Divan, the Sharon Shrine office is a place behind a sliding glass window where pleasant ladies perform routine services for you like taking money for the sale of Extravaganza tickets, accepting payment of dues, etc. However, this is merely the tip of an iceberg that represents the myriad activities that keep Sharon Shrine a functioning institution from day to day. This I learned in a “crash” course in the care and feeding a large fraternal organization a year and a half ago. Like most new Divan members, I came into the Recorder’s position after being encouraged by a number of brothers to run for the office upon Scott Kelly’s retiring from the position after serving for many years. I was then further astonished that my fellow Shriners actually elected me! So, here I was a newly elected Recorder with only a vague idea of my new responsibilities. Thank the Lord, I survived this plunge into the unknown because I was blessed with two highly knowledgeable and responsible employees who could take me by the hand and lead me through the minefield.

The first person you are likely to encounter at the office window is a petite young lady, Kim Bain. She has probably performed many services for you over the years, but she does so much more than that. She keeps track of many records and documents not the least of which is creating readable minutes from my “notes” for the stated and divan meetings. Moreover, she does much of the work to sustain our U-Haul and Storage businesses. Many times I have seen her moving heavy loads while performing these duties. I must admit that while I can do little to help her, as a 73-year-old man with a bad back, I nevertheless feel somewhat guilty seeing this slip of a girl doing such hard work! All the while she is ever helpful and does it all with a smile!

If you have the courage to venture further into the offices beyond the second row of glass windows, you will encounter Stacie Goodwin. Stacie is the primary “moving part” in the Shrine’s operations. While her office may seem cluttered, it is because in any direction she rotates her chair is another critical task she is performing for the Shrine. When I walk into her office, she always has a stack of checks for me to sign along with the supporting documents, and, or papers for International, TSA, etc. etc. Moreover, she keeps up with Circus tickets, golf tournament sponsors, fezzes, jewels, special clothing, it goes on and on. On top of this, she maintains the accounts for Carl. The really amazing part is that she just does most of these things without being asked; she just knows what to do, and when! Like Kim, she maintains a good humor through all these responsibilities.

As our Potentate, John Webb, has requested that I, along with the other Divan members, contribute to the Script, I will delve into maintenance, new projects, and other problems in future articles, but I first wanted to let my fellow Shriners know how fortunate we are to have two such dedicated and experienced employees.

What is Imperial Session?

June 28, 2024 – July 4th, 2024 in Reno Nevada

Every summer, Shriners from around the world come together for their annual business meeting, known as Imperial Session. During the week-long event, held in a different host city each year, members meet to discuss and vote on business matters of Shriners International and Shriners Hospitals for Children. The fraternity also hosts a variety of fun events including a parade and unit competitions. Other traditional events include a pageant for the incoming Imperial Potentate and the debut of the new patient success video and introduction of the National Patient Ambassadors.

History of Imperial Session

1876

The first Imperial Session was held at the Masonic Hall in New York City with only 20 Nobles in attendance. It was at this meeting that a group of men were endowed with rights and privileges to advance the "Order of the Mystic Shrine" and create subordinate Temples. A fee of \$50 was instituted for charter of a new Temple with a \$10 annual temple tax to the Imperial Council. Dr. Walter M. Fleming was appointed the Grand Imperial Potentate and he, along with three other members, formed the Imperial Grand Council of the Ancient Arabic Order of the Nobles of the Mystic Shrine for the United States of America

1877

The legend of the origins of the fraternity began at the 2nd Imperial Session held at the Masonic Temple in Albany, New York. It was here that the near-Eastern theme of the Shriners was established. The costumes and jewels of the Imperial Potentate and subordinate officers were prescribed, and each temple was required to adopt an Arabian or Egyptian name.

1886

The 11th Imperial Session was held in Cleveland, Ohio, the first to be held outside of New York state. Sam Briggs of Al Koran Shriners was elected Imperial Potentate, only the second in the organization's history.

1887

The grandeur, festivities and tradition of Imperial Session began at this session in Indianapolis, Indiana. Three hundred nobles attended a banquet that Indianapolis News said was "the most elaborate ever laid in Indiana." It was followed by a procession of Shriners in fezzes and evening attire to the Scottish Rite temple.

1888

The 13th Imperial Session was held in Toronto, Ontario, Canada where Rameses Shriners had just been chartered the year before. Shriners, and for the first time, their ladies arrived in Toronto by the hundreds on trains. Rameses rented a Lake Steamer for moonlight cruises on Lake Erie.

1900

At the 26th Imperial Session in Washington, D.C., an Arabic band marched Imperial Potentate John H. Atwood to the headquarters hotel where they proceeded to play for hours in the lobby. This established the ongoing tradition of bands playing in the hotels at Imperial Session.

1907

During the 33rd Imperial Session in Los Angeles, California a sightseeing train derailed and crashed, killing 31 and injuring 20 Nobles and their ladies, mostly from Rajah Shriners.

1917

Due to the United States' impending involvement in the first World War, the 43rd Imperial Session in Minneapolis, Minnesota was dedicated solely to business. Many temple units which had raised funds for their trip turned them over to various war relief societies.

1918

During the 44th Imperial Session in Atlantic City, New Jersey, a German submarine took over a passenger steamer and ordered all aboard onto small boats. One boat made it to the coast of Atlantic City, and Shriners in full regalia waded into the ocean to help pull the boat to shore.

1920-21

At the 46th Imperial Session in Portland, Oregon, Past Imperial Potentate Freeland Kendrick proposed that the Shriners build a hospital for children. A committee was chosen to determine the site and personnel for the first Shriners Hospital. After months of work, research and debate, the committee concluded that there should not be just one hospital, but a network of hospitals throughout North America. When the committee brought the proposal to the 47th Imperial Session in Des Moines, Iowa, it too was passed.

1945

Due to World War II, the 71st Imperial Session in Chicago, Ill. was only attended by the Imperial Divan and necessary members of various committees.

1949

President and Shiner Harry S. Truman spoke to the crowd about foreign policy at the 75th "Diamond Jubilee" Imperial Session in Chicago, Illinois.

1962

Past Imperial Potentate Harvey Beffa gave a moving report on the necessity to add burn care to the hospital system's specialties. The highpoint of the presentation was when Billy Roach, a young burn victim who was helped by the St. Louis hospital, ran out onto the stage and kicked a football into the audience. The resolution was passed amidst tremendous cheering.

1966

Against the wishes of the Secret Service, both President Lyndon B. Johnson and Vice President H. Hubert Humphrey and their wives appeared together with the Shrine leadership at the 92nd Imperial Session in Washington, D.C.

1972

At the 98th Imperial Session in Dallas, Texas, the first stand-alone clown competition was held. Prior to this, clowns were only judged by their parade performance.

1982

Imperial Session is held in Orlando, Florida, for the first time. Shriners and their families spent an evening at Walt Disney World and the motor corps competitions were held at Sea World.

1989

The Peace Monument, donated to the city of Toronto in 1930 by the Shriners, was rededicated at a sunrise ceremony.

1999

The Hella Shrine Band hosted a musical reenactment of the famous "bubbles" speech at the 125th Imperial Session in Dallas, TX. This moving speech was given by Forrest Adair at the 1920 Imperial Session and it persuaded the representatives to pass legislation to create the hospital system.

2020

Imperial Session scheduled for July 5-9 in Kansas City, Missouri, was canceled due to the COVID-19 global pandemic. In response to the cancellation of the 146th Imperial Session in Kansas City, a virtual Special Session of Shriners International and Special Meeting of Shriners Hospitals for Children was held. The event was live-streamed to temples around the world. The election of Imperial Officers and Trustees and two other proposed legislation items were done electronically.

2022

In honor of the 150th anniversary of Shriners International and the 100th anniversary of Shriners Children's, the Public Opening of the 148th Imperial Session featured a multi-media re-enactment of some notable moments in the organizations' history.
