About the Auction...

This year's auction is occurring during Sarasota's Circus Heritage Week which coincides with the Circus Ring of Fame. Always a celebrated event, the Ring of Fame ceremonies welcome new inductees into its shrine of members who have made significant contributions to Circus. It should be fitting that the week culminates with an International Circus Memorabilia Auction that will feature two very important collections from individuals who have also made an impact on Circus over the years, Larry Kellogg and Jan and Bill Biggerstaff. These life-long collections are coming to the market for the very first time and a summary in the pages that follow about the Biggerstaff and Kellogg collections will enlighten those unaware of them. For those who know...they know. We are pleased to offer a diverse selection of rare Wild West items. A dedicated Sideshow segment presents some of the strangest things you will ever see. Complimenting the sale are over 300 posters covering an era of over 150 years in American Circus. We have poured over tens-of-thousands of photos and ephemera crafting lots we think you will enjoy. Our curators have traveled the four corners of this great country over the past twelve months gathering, hunting, sorting and separating memorabilia that we hope you will find fascinating. Our passion for circus comes from the basic concept of historical preservation. We hope you read the foregoing collections summaries which will give you a deeper understanding of the entire assembly.

The auction will be presented live online, and we will once again host an auction watch gathering in our gallery. In the past, the assemblage of folks gathered for the auction watch has included historians, archivists, researchers, performers, owners, the curious public and a host of clowns. It is always a fun time for attendees, and we invite you to this year's event. Jackpots will be cut and sawdust will fly!

We want to thank you for your interest in our auction. Whether you purchase anything or not, we hope you have enjoyed the catalog and the experience. If you enjoy this genre, we encourage you to join the Circus Historical Society. The organization is dedicated to preserving the rich history of circus.

A special thank you to Wyatt Hollifield and Evan Raber who assisted with all aspects of this catalog.

Freedom Auction Company would like to especially thank those who provided research assistance and support in the creation of this catalog:

Chris Berry, Bill and Jan Biggerstaff, Circus Historical Society, Circus Ring of Fame, Circus World Museum, Deb Carson, Robert Cline, Greg Desanto – International Clown Hall of Fame, Rick Faber, Dee Garzon, Ken Harck, Larry and Sandy Kellogg, Milner Library, Vince Newkirk, John Polacek, Tibbals Learning Center – Ringling Museum. There have been so many unnamed and we thank them all. In all of this what has been most special are the people...not the "stuff". As always, we thank Walter and Dorita Estes for introducing us to the world of Circus years ago.

In memory of Roy Wells, one of our favorites, who would have thoroughly enjoyed this auction.

Please visit our partner website, www.circusauctions.com for up-to-date information on future auctions.

If you have items you wish to sell, please contact us at 941.725.2166 or info@freedomauctions.com.

LARRY KELLOGG – The Kellogg Collection

Like many youngsters, Kellogg loved the circus as a child. Little did he know he would be working in and around circuses most of his adult life.

In the early 1970's, Kellogg began a thirty-five plus year association with Ringling Bros. and Barnum & Bailey Circus, much of that time as regional publicist, including a stint as communications manager at Circus World Theme Park – Orlando.

Kellogg was “worthologist” specializing in Circus Memorabilia for worthpoint.com, having written over 70 articles on the topic.

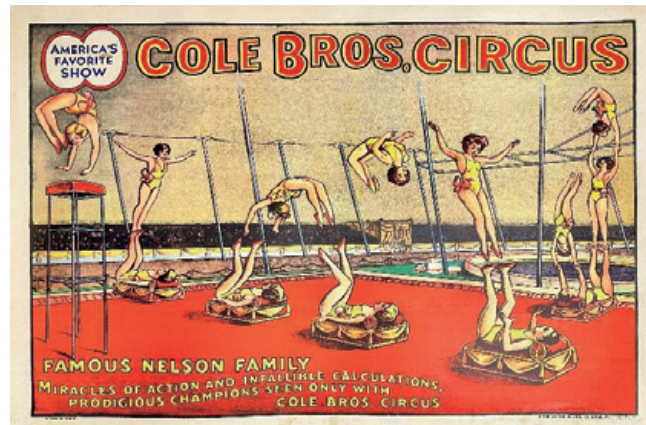

Kellogg is an inductee into the Circus Ring of Fame – Sarasota as one of “The Advance Professionals”, honored as a Publicist and Prominent Circus Historian. The Circus Ring of Fame honors those who have made a significant contributions to the art and culture of the circus over the span of a career.

Larry and wife, Sandy, celebrated their 60th marriage anniversary recently. Larry and Sandy recently downsized and moved from Florida to Tennessee to live closer to children and grandchildren.

Larry's collection includes an archive of organized files on circuses, performers, and related topics.

THE NELSON FAMILY – Nelson Family Collection

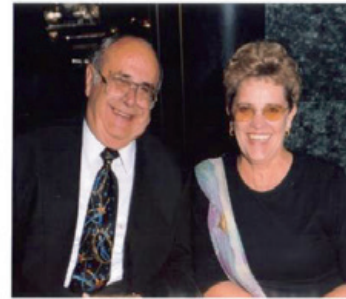

The family's circus history dates back to the mid-19th Century. Robert Nelson Sr. began performing acrobatics in the streets of London and soon formed a troupe of performers. Best known for the Risley Foot Juggling act, the lineage of Nelsons performed well into the 20th Century. The Nelson's performed with the Dan Rice Circus, Orrin Bros., Ringling Bros. Circus, Great Wallace Shows, Walter L. Main, Hagenbeck Wallace, Cole Bros. and others. The Nelson Family were inducted into the Ring of Fame – Sarasota in 1992 and Circus Hall of Fame in 1969. Material sourced from Kathy Nelson Estate. Kathy made contributions both in the show and as Philanthropist.

BILL & JAN BIGGERSTAFF – Biggerstaff collection

Bill Biggerstaff was born and raised in Hickory, North Carolina and remembers going to his first circus, the Cole Bros. Circus, when he was three years of age. Art and Circus were his passion from the start, and he took any and all art classes he could while attending school. After high school, he joined the Navy for 4 years during the Korean War and later attended the premier Art Center School in Los Angeles.

Married with two sons at this time, he was active in the Joseph Andrew Rowe Tent in Los Angeles. He worked in various advertising agencies and started freelancing for circuses including Dewayne Bros, Graham Bros., Wallace and Clark, John Strong and other Westcoast shows.

In 1971, Bill began advertising for Clifford Vargas, Circus Vargas. Not only responsible for advertising, Bill produced programs, posters, coloring books and even worked the front door.

Upside down...that is where Jan spent most of her formative years. A backyard acrobat, her parents started her in acrobatic and trapeze lessons when she was 11. Married to Wally Bickmore out of high school, Jan joined his Risley Foot Juggling act and performed her solo acrobatic and single trapeze. Taking time out to have children, the couple opened a circus school in San Jose, California.

Later divorced, Jan was hired by Circus Vargas for single trapeze. During that time, she renewed her acquaintance with Bill Biggerstaff and the two were married in 1979. Upon their departure from Circus Vargas, the Biggerstaffs spent 25 years thereafter operating printing and graphic design company, Graphics 2000, as a leading producer of print materials for posters, tickets, coloring books, brochures and more for circuses across the country.

After the passing of Don Marcks, Graphics 2000 took over publishing *The Circus Report*, America's Favorite Bi-Weekly Report. A labor of love, Bill continued to have an impact on the circus world.

The Circus Fans of America (CFA) honored the Biggerstaffs in September 2006 by chartering tent #176, the Jan and Bill Biggerstaff Tent. Bill has spent most of his 91 years collecting circus print materials. The massive collection contains tens-upon-thousands of printed materials, posters, and photographs. According to Jan, this is Bill's collection, Jan's only contribution is trying to share.

COURSE OF FOUR DAYS IN NOVEMBER OF 1968 AT THE FRANCONIA APARTMENTS, LOS ANGELES. FRAMED. OVERALL 19"X22", SIGHT 11"X13". Dyer Myron Reynolds was a painter, photographer, and model builder born in Rhode Island, the son of Geraldine (b. 1911) and Dyer Reynolds Sr. (b. 1906). His father worked as a cleaner. As a young boy, Reynolds and his family resided at 176 Hazel Street in Lincoln, Providence County, Rhode Island. FROM an early age, Reynolds felt the need to help his parents who were never wealthy, but due to severe asthma, he could not do very much. Having an artistic bent and being highly interested in the circus, he began modeling different circus animals in miniature out of clay and then finishing them with paint. He also recreated circus wagons, cages, and vehicles in miniature, advertising in circus related publications at the age of eighteen that he modeled "all types of circus wagons and animals for fans" and "If you know of some fan who would like a wagon in real scale or a clown about four inches tall, please refer them to me." His works became even better known when they were noted for their quality and detail in the magazine Popular Mechanics. Around this time Dyer also began collecting circus memorabilia, which would become a lifelong passion. As he got older, Reynolds began traveling in the northeast part of the country visiting as many different varieties of circus as possible. The publication Hobby-Bandwagon -The Circusiana Monthly noted that during the summer of 1949, Reynolds "caught the RB&BB circus for three days at Providence, R. I. and enjoyed a meal in the Hotel Ringling and visited with many of the "top" performers. Dyer also caught RB&BB at Springfield and Boston, Mass., Biller Bros, and Hunt Bros." At the time, Reynolds was residing at 197 East Avenue, Pawtucket, Rhode Island. He finally achieved his dream job of working in a circus by 1951, when he was working in the "Light Department" of the Ringling Brothers and Barnum & Bailey Circus combined show. That year he began advertising "exclusive" circus photographs for sale that he had taken at the "RB&BB quarters" which were available in both color and black & white. He continued to take photographs that documented circus life during the period, and which are today

treasured by many circus collectors and enthusiasts. He also collected 16mm films that documented performances and sound recordings that documented original circus musical scores. Eventually, Reynolds joined the "Circus Model Builders" association, where he helped other builders with his original research into the details of the various wagons, carts, railroad cars, etc., used by the circuses during the mid-twentieth century. Reynolds channeled his experiences FROM his circus days not only into his models but also into original paintings he created, both in watercolor and oil, which depicted clowns, views of the big top, and typical circus grounds, while always focusing on capturing a real sense of circus life. Many of these were recreated FROM memory, as he noted on the backs of some of his paintings. Within the circus community he became known by the nickname "Ichabod," though it is unclear why. By 1980, Reynolds was living in Los Angeles, California where he was suffering FROM ill health. He noted in The Circus Report that April that he would soon have to "hang it all up." In August he announced that he had been donating his large circus collection to Memphis State University, where he expected it to be exhibited shortly. Dyer Myron Reynolds died in California, on Wednesday, the 22nd of October 1980 at the age of fifty. The Circus Report noted that "he was an avid collector and artist throughout his life." In 1982 Memphis State University published a book on his important collection of circus memorabilia. His works are held in the collection of the following public collections/institutions: Dyer Reynolds Circus Collection, Memphis State University, Memphis, Tennessee; John and Mable Ringling Museum of Art, Sarasota, Florida; Richard and Albert Conover Collection, Circus Historical Society, Inc.. His works also reside in private collections throughout the United States.
