### ANNEXURE V

#### MANAGEMENT DISCUSSION AND ANALYSIS

#### 1. BUSINESS OVERVIEW & TRENDS

The micro trend continues to be good, even as rising oil prices and global trade pressures exert their influence on the Indian economy. Coupled with elections being due next year, this year doesn't hold the promise of the Indian Capital Markets having a runaway rally, while the continuing reforms continue to protect the downside. Even as we remain cautious on the economy, we continue to believe in the long term strength of the Indian Capital Markets.

#### 2. NATURE OF INDUSTRY

Volatility is inherent in the financial services industry, but the high volatility also holds the promise of high returns. Despite the ups and downs, the last year has been good. Given the influence of various external factors, the volatility will be even more pronounced next year. Notwithstanding the risks, the long term holds great promise.

#### 3. BUSINESS PERFORMANCE

Aided by the strong surge in capital markets, the company significantly improved on its performance of last year. We continue to be optimistic about our future prospects.

#### 4. RISK FACTORS

We face risk factors at two levels. The first is the depreciation of the value of our investments, which could lead to losses. The second is the challenges from our borrowers, who may be extremely well-intentioned, but may still face short term headwinds in payment of interest and repayment of loans.

#### 5. INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY

We believe that our internal control systems are adequate for the scale of our operations. Excessive controls lead to stifling of work, while inadequate controls lead to mismanagement at all levels. We believe we are fairly balanced on that front.

#### 6. LIMITATIONS OF FINANCIAL STATEMENTS

Numbers merely reflect one part of the work undertaken by any company. The bigger work is in the quality of the people and the quality of the investment. These tend to play out only over a longer period of time. While we present our Balance Sheet for the year gone by, it is important to keep in mind the progress made by the company over the years, which has brought it to its current level. This is what is most important when trying to understand its future prospects.

#### 7. FUTURE OUTLOOK

We continue to maintain and believe that the future of this country remains extremely bright, particularly under the dynamic leadership we see at the Centre. The changes being effected during the past four years will have a profound impact on the running of our country over the years and make it a much more attractive destination for all types of people.

#### 8. SEGMENT WISE PERFORMANCE

Your Company has only single segment i.e. Investment. Revenue and expenses have been identified on the basis of accounting standard and guidance note issued by Institute of Charted Accountant of India.

#### 9. HUMAN RESOURCES AND INDUSTRIAL RELATIONS

We continue to maintain cordial relations with all our employees and have not had any problems with them.

#### **10. CAUTIONARY STATEMENT**

Financial markets implicitly mean great volatility, and while we expect to do well in the long run, it is important to note that in the short term we may see significant upheavals.
