**MANAGEMENT DISCUSSION AND ANALYSIS**

**1. BUSINESS OVERVIEW & TRENDS**

Despite the huge flux in the Indian economy, thanks to the deep rooted, long term reforms taking place, the larger economy as well as the financial sector has been undergoing a lot of churn. While profitability in corporate continues to be challenged, the stock markets have taken a long term view of the reforms and continue to put their money into their beliefs. This has resulted in markets surging over the past year. As reforms continue to gather pace, markets will continue to rise. The long term view continues to be very attractive.

**2. NATURE OF INDUSTRY**

Even as the Financial Services industry registers growth over the long term, the short term is filled with volatility. This is particularly pronounced in the Capital Markets, where we have our biggest exposure. This notwithstanding, we believe that taking a balanced view in all decisions helps tide over short term hiccups, and we believe that the inherent volatility in the financial markets will only assist us.

**3. BUSINESS PERFORMANCE**

Aided by the strong surge in capital markets, the company registered one of its finest performances this year. We continue to be optimistic about our future prospects.

**4. RISK FACTORS**

We face risk factors at two levels. The first is the depreciation of the value of our investments, which could lead to losses. The second is the challenges from our borrowers, who may be extremely well-intentioned, but may still face short term headwinds in payment of interest and repayment of loans.

**5. INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY**

We believe that our internal control systems are adequate for the scale of our operations. Excessive controls lead to stifling of work, while inadequate controls lead to mismanagement at all levels. We believe we are fairly balanced on that front.

**6. LIMITATIONS OF FINANCIAL STATEMENTS**

Numbers merely reflect one part of the work undertaken by any company. The bigger work is in the quality of the people and the quality of the investment. These tend to play out only over a longer period of time. While we present our Balance Sheet for the year gone by, it is important to keep in mind the progress made by the company over the years, which has brought it to its current level. This is what is most important when trying to understand its future prospects.

**7. FUTURE OUTLOOK**

We have maintained it since last year, and continue to believe that the future of this country remains extremely bright, particularly under the dynamic leadership we see at the Centre. The changes being effected during the past one year will have a profound impact on the running of our country over the years and make it a much more attractive destination for all types of people.

**8. SEGMENT WISE PERFORMANCE:**

Your Company has only single segment i.e. Investment & Loans. Revenue and expenses have been identified on the basis of accounting standard and guidance note issued by Institute of Chartered Accountant of India.

**9. HUMAN RESOURCES AND INDUSTRIAL RELATIONS**

We continue to maintain cordial relations with all our employees and have not had any problems with them.

**10. CAUTIONARY STATEMENT**

Financial markets implicitly mean great volatility, and while we expect to do well in the long run, it is important to note that in the short term we may see significant upheavals.
