PERFORMANCE®

## PLATINUM PERFORMANCE

Platinum Performance® Equine was created out of clinical necessity as a comprehensive omega-3 formula to transform equine health at the cellular level. Because of its comprehensive nature, the ingredients work synergistically to support every aspect of health and performance, including joints, muscles, hooves, skin and coat, digestion and more.

- ➔ Recommended for All Horses; No matter their age, breed or activity level.
- ➔ Top-Dress Our formulas can easily be top-dressed on all feeds or grains or fed alone.

Platinum Performance® Equine is a comprehensive nutritional formula that is recommended for all horses. Developed by veterinarians, it's designed to be fed in combination with our targeted support formulas for horses that require advanced support.
