

ELDER'S EQUINE IS A PROUD SUPPLIER

INSULIN WISE POWDER

Metabolic dysregulation is characterized by weight gain and unhealthy insulin levels that can lead to unsoundness. Maintaining normal metabolic function and sustaining healthy weight through dietary supplementation will support normal insulin levels and healthy laminae structure in the foot.

InsulinWise:

- Maintains normal metabolic function and healthy insulin levels.
- Supports a healthy body weight and normal fat distribution.
- Sustains healthy laminae within the hoof.

ACTIVE INGREDIENTS

Leucine 2,100 mg
Lysine 1,740 mg
Glutamic Acid 1,010 mg
Resveratrol 750 mg
Quercetin 500 mg
Proline 470 mg
Alanine 395 mg
Glycine 250 mg

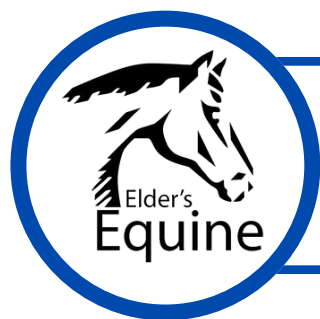

RECOMMENDED FOR

Veterinarians recommend InsulinWise to support normal metabolic function in horses and ponies of all ages.

InsulinWise is recommended to:

- Maintain healthy weight and body condition.
- Support normal structural integrity of the laminae in the hoof.
- Sustain healthy metabolic function and insulin levels.

**SUPPORTS NORMAL METABOLIC FUNCTION
AND HEALTHY INSULIN LEVELS**

SUPPLIER

INSULIN WISE POWDER

INSULIN WISE SERVING INSTRUCTIONS

1 scoop = 28 grams

For all classes of horses and ponies, supplement at a rate of one scoop (28 grams) per day.

The amount provided can be split between a.m. and p.m. feedings by offering ½ scoop (14 grams) at each feeding.

For best results, mix into meal at time of feeding.

Exposure to air for extended periods of time will impact potency. Seal container tightly after each use. If mixing in with meals in advance of feeding, store in an airtight container.

STORAGE & SHELF LIFE

Store InsulinWise in a cool, dry place. Reseal lid during storage. Shelf life is 24 months from date of manufacture when stored under suitable conditions.

AVAILABLE SIZES

2 lb (.910 kg) jar (contains 32 scoops)

5 lb (2.27 kg) bucket (contains 80 scoops)
