PLATINUM  
PERFORMANCE®

## HEALTHY WEIGHT

Rich in omega-3 fatty acids, Healthy Weight is supportive in many ways including skin, coat, gastric, and muscle health. For horses that need to gain weight, Healthy Weight provides calories in addition to forage. It is made from flax oil, a rich source of omega-3 fatty acids, which makes it a healthy alternative to corn oil.

### INGREDIENTS & PRODUCT ANALYSIS

Flaxseed Oil, d-Alpha Tocopherol Acetate (source of vitamin E), Ascorbyl Palmitate (preservative)

Per 50 mL Serving:

- Crude Fat 99.9% (min)
- Calories 420 kcal
- Alpha Linolenic Acid (ALA) 48% (min)
- (provides 23g ALA, an omega-3 fatty acid)
- Vitamin E 400 IU (min)

### RECOMMENDATION FOR USE

Administer 60 mL (2 oz) once or twice daily.

#### Feeding Directions for 18.93-liter Container:

Administer 60 mL (2 oz) once or twice daily. Can be used as a top dressing. The 18.93-liter uses a pump, Healthy Weight Pump, sold separately.

Recommended for use within 6 months of manufacture date.

HEALTHY SOURCE OF OMEGA-3 FATTY ACIDS

## HEALTHY WEIGHT

### FEEDING DIRECTIONS FOR TIP TO MEASURE CONTAINER:

The 3.78 liter Healthy Weight now comes in an easy tip-to-measure container. There's no longer a need for a measuring cup to administer this omega-3 rich formula to support a horse's weight, skin, coat, gastric, and muscle health.

The recommended dose has not changed – 2 oz once or twice daily.

1. Tip the container until liquid fills the triangular chamber at the top of the bottle.

2. Tip the bottle back to remove overflow until desired dose is achieved using slanted measuring marks.

3. Set the bottle in an upright position, open the cap and pour to top dress on feed or supplements
