Subject: TEST: TTRG Brand/Product Alert – Coffee Beans \$1 per pound

Hi John,

For almost a year we have been working exclusively with a large grower/processor of coffee and coffee beans. We now have a special offering of Mexican coffee that is still green for \$1 per pound FOB – San Francisco. This is a limited offer as we have approximately 150,000 pounds at this price, available on a first come first serve basis.

Do you currently offer coffee?

If so, besides the special pricing on the item above, we also have finished roasted coffee sourced from all around the world. We have access to the best

growing regions, such as Kona Hawaii, Costa Rica, Mexico, Columbia, Ethiopia, Guatemala, Panama, and Rwanda. Whether it is a dark or light roast, ground or whole beans, decaf, organic or flavored, we can offer you the world's best coffee.

Contact us and let us know what may work for you in your market.
