Hi John,

I thought you might be interested to know that we currently have an exclusive markdown on some of the finest Medjool dates from the United States.

These are premium grade U.S.-grown Medjool dates, and only a limited quantity is made available on a first come first serve basis.

I'm sure you have heard that Medjool dates are healthy and tasty. These dates that are harvested in the United States are of superior quality. They are cultivated naturally, without the use of pesticides. There is also no preservatives, no additives, and no oils or colors are used.

These top-grade Medjool dates are going for **\$28.50 USD per 5kg carton, delivered C&F!** This price represents a price reduction of over 50%, and there is limited stock availability. You should definitely try to get them before they sell out.

If you have any question, or if you wish to procure these Medjool dates at the special discount please contact me.
