ACTIVE SHOOTER/USE OF FORCE (PSP) COURSE

POST CCN: 1539-29584-23-001

POST PLAN: N/A

Cutting Edge Response has developed an 8-hour course providing students with the Use of Force topics required by the POST Perishable Skills Training Program (PSP); POST Regulation 1005. The intent of this course is to improve the student's knowledge of use of force laws and policies and provide an update for Active Shooter/Mass Casualty Event responses and tactics.

This course consists of facilitated discussion, case study review and table top scenarios. There are no manipulative skills exercises. At the conclusion of this course, students will have a reinforced understanding of tactics and responses to Active Shooter/Mass Casualty Events and Use of Force requirements and laws. This course fulfills the Perishable Skills Program (PSP), Category V, Use of Force training requirements. This course also provides updated legislative content of Penal Code Section 835a.
