

Visits and Outings

EYFS: 3.65, 3.66

At Bear Cubs Day Nursery we aim to offer children a range of local outings including walks and visits off the premises. We believe that planned outings and visits complement and enhance the learning opportunities inside the nursery environment and extend children's experiences. We always seek parents' permission for children to be included in such outings.

Procedures

Visits and outings are carefully planned using the following guidelines, whatever the length or destination of the visit:

- A pre-visit will always be carried out by a senior member of staff before the outing to assess the risks or hazards which may arise for the children, and identify steps to be taken to remove, minimise and manage those risks and hazards. This will ensure that the chosen venue is appropriate for the age, stage and development of the children
- Written permission will always be obtained from parents before taking children on trips
- We provide appropriate staffing levels for outings dependent on an assessment of the safety and the individual needs of the children.
- At least one member of staff will hold a valid and current paediatric first aid certificate and this will be increased where risk assessment of proposed activity deems it necessary
- A fully stocked first aid box will always be taken on all outings along with any special medication or equipment required
- A completed trip register together with all parent and staff contact numbers will be taken on all outings
- Regular headcounts will be carried out throughout the outing. Timings of headcounts will be discussed in full with the nursery manager prior to the outing
- Children will be easily identified by staff when on a trip through use of hi vis vests. The nursery name and mobile number will be displayed
- A fully charged mobile phone will be taken as a means of emergency contact
- In the event of an accident, staff will assess the situation. If required, the group will return to nursery immediately and parents will be contacted to collect their child. In the event of a serious accident an ambulance will be called at the scene, as well as parents being contacted. One member of staff will accompany the child to the hospital, and the rest of the group will return to the nursery.

Use of vehicles for outings

- All staff members shall inform parents in advance of any visits or outings involving the transportation of children away from the nursery
- The arrangements for transporting children will always be carefully planned and where necessary additional people will be recruited to ensure the safety of the children. This is particularly important where children with disabilities are concerned

- All vehicles used in transporting children are properly licensed, inspected and maintained
- Drivers of vehicles are adequately insured
- All vehicles used are fitted to the supplier’s instructions with sufficient numbers of safety restraints appropriate to the age/weight of the children carried in the vehicle.
- When children are being transported, we maintain ratios.

Lost children

In the event of a child being lost, the Lost Child Procedure will be followed. Any incidents or accidents will be recorded in writing and Ofsted will be contacted and informed of any incidents.

There may be opportunities for parents to assist on outings. The manager will speak to parents prior to the visit regarding health and safety and code of conduct.

In the event of an emergency (including a terrorist attack)

In the event of an emergency whilst out on a visit, we encourage staff to find a safe haven and remain there until the danger passes. Each outing will have a detailed risk assessment, which covers all these risks and is planned ahead.

This could cover other issues such as extreme weather, emergency (such as an ill or injured child) etc.

Parents will be contacted as soon as possible to reassure them that all is well
