

ThinHaus[®]

**\$1,000,000
Give Away**

There are two ways to get your share of The ThinHaus Million Dollar Give Away ... buy a ThinHaus complete build or recommend someone to us who does. Each of these actions will get you \$500 and you have three years to do it.

You can combine this offer with other promotions (for example: Double Down or Sales Rewards) and you don't even need to have a physical coupon. But ... you do need to have a "validated" coupon which means that we have your name, phone and email in our computer and then we will send you a "real" coupon.

Part of this program is getting paid to help us sell ThinHaus models. You do this by telling someone to contact us at coupons@thinhaus.com and asking for one. Don't give them yours because it won't work. They need their own and it only comes from ThinHaus ... but they are free, so just send along their info and we'll send it out and make sure that we know you made the introduction.

LEGAL DISCLAIMER

This program will come to an end on 12/31/24 or sooner, with or without notice if, in our sole judgment, the program is being abused in whole or in part. You need to request a "real" coupon by sending an email to us and supplying your name, phone and email address. The coupon above is NOT real and while we say "\$1,000,000," if things go well and this really works, we will not stop there. The best thing to do if you are unsure about all this is ask. We will tell you.
