

Hello Coaches, Contributors and Friends of the Natick Baseball/Softball program.

We are happy to announce that, despite the impact of Covid throughout the State, we fully intend to operate the baseball and softball programs in Natick during the 2021 season. That said, we are not able to conduct our usual fundraising activities including the baseball/softball tournaments and our Annual Auction.

With that in mind, we have decided to host a Golf Tournament to support the cost of running the programs. As many of you know, our registration fees do not support the expense of the season (baseballs, softballs, other necessary equipment, and field maintenance). Our fundraisers allow us an opportunity to support the League and participate in this event - as a golfer, a sponsor, or a friend of the program.

1st Annual Natick Little League Golf Tournament
