

High Speed Internet is a Must-Have Amenity

Right now 93% of residents want high-speed internet and will not sign a lease without it. For the first time in history a majority of residents would rather have great internet than in-unit washers and dryers.

What Residents want*:

93% Want Wi-Fi Everywhere
75% Want Wi-Fi Pre-installed

42% of the workforce works from home
35% say their internet isn't fast enough

With over 25 years of industry experience, Superior has the knowledge and skill to provide you the best, customizable options,. We consult with you to determine the right services for your properties and tenants.

What Superior Offers You and Your Residents
