No.23 Islam; Religion of Peace - Not

"Islam makes it incumbent on all adult males, provided they are not disabled and incapacitated, to prepare themselves for the conquest of [other] countries so that the writ of Islam is obeyed in every country in the world. But those who study Islamic Holy War will understand why Islam wants to conquer the whole world.... Those who know nothing of Islam pretend that Islam counsels against war. Those [who say this] are witless. Islam says, kill all the unbelievers just as they would kill you all! ...Whatever good there is, exists thanks to the sword, and in the shadow of the sword! People cannot be made obedient, except with the sword! The sword is the key to Paradise, which can be opened only for Holy Warriors! ...Does all that mean that Islam is a religion that prevents men from waging war? I spit upon those foolish souls who make such a claim."

Ayatollah Khomeini

How, pray tell, is Ayatollah Khomeini's theological reasoning any different than Nazism and Marxism? Not only does Islam share the same suffocating approach to individual freedom and commitment to world conquest as the two great evils but also shares the unique distinction of committing mass murder unequalled in history; Islam is responsible for the deaths of hundreds of millions of people over the span of 1400 years. Islam, not Americans, were the authors of slavery on a scale most cannot comprehend and now refuse to admit.

"Bolshevism combines the characteristics of the French Revolution with those of the rise of Islam.... Marx has taught that Communism is fatally predestined to come about; this produces a state of mind not unlike that of the early successors of Mahomet.... Among religions, Bolshevism is to be reckoned with Mohammedanism, rather than with Christianity and Buddhism. Christianity and Buddhism are primarily personal religions, with mystical doctrines and a love of contemplation. Mohammedanism and Bolshevism are practical, social, unspiritual, concerned to win the empire of this world."

Bertrand Russell (1872-1970)

The most formidable obstacle standing in the way of dealing with Islam as a false religion is not the efforts of its evil twin Marxianity, which is quick to erect the barriers of "inclusion", "tolerance" and "diversity" in Islam's defense, but instead the inability of mankind to concede the reality of evil as an actual entity.

The message written across the tablet of time is quite clear as to good and evil with four individuals in each column; Abraham, Yeshua, Jefferson and Adams, that which is good, confronting evil incarnate Muhammad, Marx, Engels and Athanasius...with the last of the most concern to the Christianity. The first increment, 320AD, identifies Athanasius who would not only sever the Christian branch from the tree but also attempt to bury the Torah roots so deep none would see them. The early church became infected with political power and earthly comforts and now the time has come to reconnect the churches to the tree and most importantly the roots; the Holy Nation, the Jews, and the Torah.

It is not the emissary identifying evil incarnate and yet I will be facing a monumental obstacle in true believers incapable of objectively assessing the facts on the ground in the context of mathematics incapable of lying i.e. traditions, rituals, dogma and sacraments provide a comfort zone when in truth all should be experiencing the fear of God as never before in history. How is it possible that Christians who profess to believe in Satan find it impossible to believe the Satan would successfully target Christian scripture and the early church? Is it any wonder the God of Sinai has intervened with the matrices?

The first order of business for the Bishop of Alexandria was to insure a permanent split with Judaism by declaring the Jew "Jesus" God in the flesh; Athanasius excommunicated the Arians who adhered to the original identity of Christianity as a sect of Judaism which had endured for 300 years until the First Council of Nicaea where God, Jesus and the Holy Spirit were declared consubstantial, the Trinity, as a matter of faith. The same demands made by the Roman Emperors, i.e. violate the most important commandment 'no other god before me', would be a constant condition hounding the Jews who 'killed Jesus' for the next 1700 years with John Chrysostom, St. Augustine and Martin Luther taking the lead. It is as Catholic theologian Rosemary Ruether described as the "Left Hand of Christology":

"An impasse developed between Christianity and Judaism over the coming of the messiah... Christian theology set out to prove the spiritual blindness of the Jewish community and its resulting rejected status. Jewish religious leaders were guilty of killing Jesus, and they could not read Scripture rightly. Jewish religious law was discredited, and the Church is the true heir of the promise to Abraham. God's displeasure with the Jews was displayed in the destruction of the temple, and they will wander in exile until Jesus returns and they will be forced to acknowledge their error."

The observation is a virtual summary of the theologies of Chrysostom and St. Augustine who believed God allowed a number of Jews to survive in wretched conditions i.e. their misery is proof Jesus Christ intended that Christianity supersede Judaism...justifying the reinterpretation of Judaic scripture, the theft of Jewish history and a claim to a singular covenant. The rational is a perverse justification based upon the same question that began my journey; if the destruction of the 2nd Temple was punishment why would the Jews after almost 2000 years be rewarded with the reestablishment of Israel?

Theirs was not a rational theology but rather a rationalization that resulted in corruption of the Torah as the early church felt necessary; the Catholic "universal" Church which considered itself Judaism consummated and as such openly allowed for the denigration, subjugation, marginalization, forced conversion and mass murder of the guardians of the Torah. Athanasius then took it upon himself to decide from hundreds of books and writings those which served his purposes to create the 27 books of the Christian canon...including the Book of Revelation from a selection of close to thirty apocalyptic books, most likely to brand his enemies "anti-Christ" as surmised by biblical scholar Elaine Pagels.

The book combines truth with lies with the result being the fruitless and speculative search, even to this day, for the elusive nations that would comprise Gog and Magog...now identified as two religions which in the context of a now obvious final confrontation makes perfect sense. There is a reason the God of Sinai chose Jefferson, far from a deist, as a key to reasoned understanding; Jefferson set the mark as to how one approaches Christian scriptures and his opinion of the Book of Revelation is unequivocal and straightforward.

"It is between fifty and sixty years since I read it [the Book of Revelation], and I then considered it merely the ravings of a maniac, no more worthy nor capable of explanation than the incoherencies of our own nightly dreams ... I cannot so far respect them as to consider them as an allegorical narrative of events, past or subsequent. There is not enough coherence in them to countenance any suite of rational ideas.... What has no meaning admits no explanation. And pardon me if I say, with the candor of friendship, that I think your time too valuable, and your understanding of too high an order, to be wasted on these paralogsms. You will perceive, I hope, also that I do not consider them as reveladons of the supreme being, whom I would not so far blaspheme as to impute to him a pretension of revelation, couched at the same time in terms which, he would know, were never to be understood by those to whom they were addressed."

Thomas Jefferson, letter to General Alexander Smyth, 1825

Following the lead of the early church the various resulting denominations even 1600 years later insist the congregations embrace the Christian cannon, including the Book of Revelation, as the inerrant "word of God" and as such many Christians will feel compelled to ignore a thesis that makes uncommon sense i.e. evil incarnate targeted the Christian canon and created a religion with thousands of denominations incapable of agreeing upon what the messiah of purpose said and meant. The church that never was has as its foundation polytheistic divinity and monotheistic evil; exactly the opposite of what the Jews know to be the truth...and diametrically opposed to the very reason for Yeshua.

The demand for reason to supplant religion does nothing to diminish the importance of Yeshua; quite the contrary...mankind has been waiting for a definition of Yeshua that is logical, reasonable and steeped in reason. The church that never was but now must be depends upon a definition of Yeshua that Judaism can also embrace so as to transform *that which is*, to *that which must be* for the battles ahead; battles that will decide whether mankind will be entitled to an as deserved singularity or a necessary intervention.

Religion and reason are at a crossroads and God Himself is directing traffic with a 'stop and think' signal that reads '*what are the chances?*' In context it is infinitely reasonable that an incomprehensible power and intellect would guide mankind with an exacting cadence, then leave a key to unlock matrices spanning 6000 years fusing Torah, history and probabilities mathematics in a way reasoned intellect could not ignore...as an offer of peace with terms to a cynical and intellectually arrogant mankind.

"Pride... limits or stops progression. The proud are not easily taught. They won't change their minds to accept truths, because to do so implies they have been wrong". Ezra Taft Benson

Secular historians omit God from the equation but religion is no better; omitting the existence of a plan none can describe in the context of history but worst yet, the predominate approach to issues that will determine an eternity of possibilities versus endlessness is not something to leave to the shepherds rather than reason. Why would any Christian assume Athanasius is different from a mega-church pastor more interested in power and donations than the gospel truth...and yet few are willing to question scripture, dogma, tenets and sacraments few agree upon?

Our Creator emphasized the danger of Islam in the Convergence Matrix by allowing the birth of Muhammad exactly 500 years after the fall of the second temple. Satan and the ha-satan were waiting for the convergence of circumstances that would allow for a false prophet, and our Creator made sure he did not exist until a specific year so as to provide the undeniable empirical mathematical proof of existence; the chances that the founder of a religion that is fully intended to challenge Judaism would be born exactly 500 years after the fall of the second temple is astronomical in and of itself. And coupled with the identification of Marx and Engels exactly 1250 years after the fall to challenge Christianity?

It is incumbent upon mankind to not only concede the existence of our Creator but also the Satan and ha-satan, after which the events enveloping our world at this critical moment in time become apparent. Denial is the handmaiden of human suffering and all who deny the truth will answer very soon.

The origins of the Book of Revelation and the Quran create a challenge to reason much like that when reminding Christians who believe "the Jews killed Jesus" that had the temple authorities embraced Yeshua as messiah there would have been no cross and no Christianity; Paul wrote that God dropped a veil over their eyes to prevent the recognition. Both the Book of Revelation and Quran were said to have been delivered by an angel in a cave. Either evil is quite repetitious and lacking in creativity or is the "coincidence" intended as a warning? God allows evil but does not do evil...that is for the Satan.

"This is a revelation from the Lord of the universe. The Honest Spirit (Gabriel) came down with it, to reveal it into your heart that you may be one of the warners, in a perfect Arabic tongue" (Sura 26:192-195). "Say, 'Anyone who opposes Gabriel should know that he has brought down this (the Qur'an) into your heart, in accordance with G+d's will, confirming previous scriptures, and providing guidance and good news for the believers'" The Quran was specifically intended to supplant Judaism and Christianity from the beginning is revealed in Sura 2:97; affirming the intention of "previous" Judaic and Christian scripture, the Quran is to provide "guidance" and the "good news" and there would never be a higher prophet than Muhammad; a new gospel to replace the Christian gospels which goes to Paul's clear admonition:

"But even if we or an angel from heaven should preach a gospel other than the one we preached to you, let them be under God's curse!"

Galatians 1:8

It is not a coincidence that Paul does not restrict the caution to “we” but extends the admonition to include “an angel from heaven”; Paul the lawyer made clear in one sentence “an angel” would corrupt the “good news” delivered by Yeshua but also warned of the greatest deceptions of all; the Quran and the Book of Revelation.

Paul appears more than prescient but actually prophetic in context; a supposed angel reciting the Quran and the Book of Revelation in a cave which would distort and in many ways attempt to supplant the instruction of Yeshua. Paul sent a message across time as to the true nature of the angel delivering both Muhammad’s Quran and the fictional John of Patmos’ Book of Revelation...and it was not Gabriel.

Defer the oracle of reason as it concerns Paul’s mention of “*an angel from heaven*” in his admonition; an “angel from heaven” would not contradict the instruction of HaShem provided to Abraham, Moses and Yeshua. The reference to the “angel from heaven” goes to the inability of mankind to recognize and admit the machinations of evil incarnate, the Satan as actual spiritual beings, and deception on a grand scale rendering it virtually imperceptible and both the product of men.

This conversation must be about the truth; a truth that in turn provides the overarching logic and reasoning to fully explain the seemingly inexplicable alliance between a false religion posing as a political ideology, Marxianity, and a political ideology posing as a religion; Islam. In truth both seek to destroy the United States so as to destroy Israel...a truth that requires exposing Marxianity and Islam for what they are; evil incarnate.

The first truth all need to understand and embrace goes to the reality, difference and origin of Sunni, blessed, and Shia, damned, Islam.

Scripture; neither Inerrant nor Sacrosanct

“I’m sorry to say that the subject I most disliked was mathematics. I have thought about it. I think the reason was that mathematics leaves no room for argument. If you made a mistake that was all there was to it.”
Malcolm X, Autobiography of Malcolm X

Would it be that Muslims, Christians and Jews simply do the mathematics of the Convergence Matrix and admit they are mistaken and that is all there is to it. I omit the false religion Marxianity for a reason; of the four religions now in confrontation only Marxianity is incapable of admitting error while the other three cannot for obvious theological reasons. Human intellectual arrogance is the greatest obstacle to peace with terms.

It is more than stunning, it is astounding, most have no idea what "brothers from another mother" actually means or the why of "Ishmaelites"; Abram's seed to be planted versus Abraham's seed of descent. Very simply, Islam has its foundations in Abram and his first born Ishmael...not Abraham who was blessed along with his wife Sarah with the miraculous birth of Isaac 12 years after Ishmael; Isaac, the seed of descent that would one day establish the House of Israel versus Ishmael as the seed to be planted that would build an Ishmaelite nation.

It is the distortion of the story of Abraham and his sons Ismael and Isaac upon which the entire foundation of Islam is based; Islam claims the covenant and blessing was afforded to the first son Ishmael, son of Abram and Hagar, while Judaism and all of Christendom rightly point to the verses of Genesis which say otherwise. It began when Abraham's wife Sarah had devised a plan to allow for Abraham to have an heir and so induced the coupling of Abraham with Hagar, an Egyptian handmaid.

Read the verses using the oracle of reason and logic through the prism of intellectual honesty; doing so will advise that beyond the obvious metaphors the stories of the Torah are based upon actual historical events which will in turn provide the attendant to wisdom and understanding as to the nature of the current confrontation.

Genesis 16:3-12 "And Sarai Abram's wife took Hagar the Egyptian, her handmaid, after Abram had dwelt ten years in the land of Canaan, and gave her to Abram her husband to be his wife. [4] And he went in unto Hagar, and she conceived; and when she saw that she had conceived, her mistress was despised in her eyes. And Sarai said unto Abram: 'My wrong be upon thee: I gave my handmaid into thy bosom; and when she saw that she had conceived, I was despised in her eyes: the Lord judge between me and thee.' But Abram said unto Sarai: 'Behold, thy maid is in thy hand; do to her that which is good in thine eyes.' And Sarai dealt harshly with her, and she fled from her face. [7] And the angel of the Lord found her by a fountain of water in the wilderness, by the fountain in the way to Shur. And he said: 'Hagar, Sarai's handmaid, whence camest thou? and whither goest thou?' And she said: 'I flee from the face of my mistress Sarai.' And the angel of the Lord said unto her: 'Return to thy mistress, and submit thyself under her hands.' And the angel of the Lord said unto her: 'I will greatly multiply thy seed, that it shall not be numbered for multitude.' And the angel of the Lord said unto her: 'Behold, thou art with child, and shalt bear a son; and thou shalt call his name Ishmael, because the Lord hath heard thy affliction. *And he shall be a wild ass of a man: his hand shall be against every man, and every man's hand against him; and he shall dwell in the face of all his brethren.*"

There are many who sense the Arab Israeli conflict is far more than mere recent history, and struggle with translating the scriptural descriptions of Abraham, Hagar, Sarah, Ishmael and Isaac in a manner conducive to understanding the true nature of the conflict; the nature of the relationship is as much the relationship between G'd and Abraham as it is between Judaism as Isaac and Islam as Ishmael, going directly to the Torah and Genesis 17:15-21:

15 And God said to Abraham, "Your wife Sarai-you shall not call her name Sarai, for Sarah is her name. 16 And I will bless her, and I will give you a son from her, and I will bless her, and she will become [a mother of] nations; kings of nations will be from her." 17 And Abraham fell on his face and rejoiced, and he said to himself, "Will [a child] be born to one who is a hundred years old, and will Sarah, who is ninety years old, give birth?" 18 And Abraham said to God, "If only Ishmael will live before You!" 19 And God said, "Indeed, your wife Sarah will bear you a son, and you shall name him Isaac, and I will establish My covenant with him as an everlasting covenant for his seed after him. 20 And regarding Ishmael, I have heard you; behold I have blessed him, and I will make him fruitful, and I will multiply him exceedingly; he will beget twelve princes, and I will make him into a great nation. 21 *But My covenant I will establish with Isaac, whom Sarah will bear to you at this time next year.*"

Ismael is considered the seed of Islam and through Ismael Islam essentially claims to be a purer form of Judaism that has not been perverted for base reasons. The blatant hypocrisy goes as far as to point to the Judaic Torah to justify its own perversions, claiming it was Ishmael that was to be sacrificed rather than Isaac and pointing to laws that would not appear for hundreds of years to support their case; (*Deut. 21:15-17*).

"If a man has two wives, one beloved, and another hated, and they have born him children, both the beloved and the hated; and if the firstborn son be hers that was hated: then it shall be, when he maketh his sons to inherit that which he hath, that he may not make the son of the beloved firstborn before the son of the hated, which is indeed the firstborn: but he shall acknowledge the son of the hated for the firstborn, by giving him a double portion of all that he hath: for he is the beginning of his strength; the right of the firstborn is his."

It was not as if our Creator dismissed Ismael's lineage to Abraham and simply abandoned him.

Like Christianity, Judaism begins with a miraculous birth but Islam, a false religion which began with the birth of Muhammad 500 years after the fall of the second temple and 2300 years after Abraham, diminishes Isaac to the level of a mere prophet and elevates Ishmael to rightful heir who would, with Abraham, go to Mecca and build the Kaaba according to the Islamic myth; Ishmael, not Isaac, is the son to be sacrificed and Muhammad would be Ismael's descendant; Ishmael supplants Isaac in Islamic theology and Muhammad supplants Yeshua.

Our Creator referred to Isaac as Abraham's *only son*, which explains why evil as an entity had to manufacture the Quran which clings to legitimacy by invoking the Judaic prophets and Ishmael as the progenitor of Muhammad while demoting Isaac to a prophet lost to history therefore disparaging the lineage of Yeshua. Isaac was and is the true seed of Abraham not Ishmael son of Abram...and a false religion based upon rationalization and misreading of the Torah is in opposition to the Creator providing the instruction and can only be described as evil incarnate. Islam also claims it was Ishmael that was to be sacrificed by Abraham...for a specific reason; a mandate for conquest.

Reason applied logically with a concession to common sense should advise denominational Christianity and Judaism Islam is not merely a third Abrahamic religion to be negotiated with; Muhammad and his Quran are a declaration of war an eternal enmity to HaShem made excruciatingly clear by two central tenets of the false religion.

First, Muhammad's nocturnal journey on the winged steed, Buraq (which sounds so like Barack), to the "farthest mosque", *masjid al-aqsa* in Arabic, is an Islamic claim to Jerusalem...hence the Al-Aqsa mosque which did not exist but now does occupying the Temple Mount in Jerusalem guaranteeing there can never be peace between Islam and Judaism...or the lesser House of Judah. Ironically, as if to avoid direct confrontation with the God of Sinai, Muhammad does not identify where he was taken; the Quran does not include the name "Jerusalem" even once and soon after Muhammad would end the practice of praying toward Jerusalem but toward Mecca instead.

Second, Mohammed's very Book of Revelation nocturnal journey and ascent to heaven identifies the three most important individuals as it concerns our Creator's plan; Abraham, Moses and Yeshua. But then Mohammed makes, in the most stunning display of hubris and arrogance in the history of mankind, a claim to primacy by inference; Mohammed is prompted by "Gabriel" to lead the others in prayer ergo Muhammad is assumed to be of a higher status than the rest. Muhammad merely misappropriated the "vision" of Matthew 17:1-6 claiming to be the last "prophet" long after the time of prophets had passed; a prophet superior to all others and per Islam the final word.

Use your oracle of reason and logic; it is not a "coincidence" a religion 22 years in the making stakes a claim to a specific rock platform where the Jewish temple once stood based upon a dream that has Muhammad visiting a non-existent Mosque and ascending to heaven to establish primacy over the primary figures of both Judaism and Christianity; Islam is evil incarnate assaulting heaven itself and a declaration of war against Judaism and Christianity...and there will never be peace from Islam's point of view; only surrender. Islam from the very beginning has focused upon conquest and once a claim is established it is never relinquished.

That the Ishmaelites of Sunni Islam retain their blessing as extended family to the holy nation is self-evident given the promise of Genesis 15:18 and the map of today with Shiite Iran beyond the great river Euphrates.

"On that day, the Lord formed a covenant with Abram, saying, 'To your seed I have given this land, from the river of Egypt until the great river, the Euphrates river'"

Islamic scholars are not immune from the requirement for reason and as such defensively deferring to the infallibility of the Quran is no more valid than fundamentalist Christians who cannot do something as simple as reconciling differing gospels one to the other. Will the reaction be threatening fatwas to condemn a lowly emissary...especially one was tasked with confronting Christianity and Judaism as to how wrong they have been about Yeshua for close to 2000 years? Imprudent to say the least given the central theme of Islam is that of Christianity and Judaism being wrong thus requiring the prophet Muhammad to amend the wrongs.

"Most men would rather deny a hard truth than face it." George R.R. Martin, *A Game of Thrones*

The challenge presented by the Convergence Matrix is the same for Islam as it is for Christianity and Judaism; returning to the essential instruction. Christians must focus on the teachings of Yeshua in a Jeffersonian manner and Paul, Judaism on the Tanakh rather than Rabbinic literature. For Islam the first step is embracing the reason of scholars such as Dr. John Andrew Morrow who wrote the following in an article titled *'The Covenants of the Prophet Muhammad Continue to Cause Controversy'* for MAYDAN Islamic Thought:

"There are some genuine traditions that have survived the test of time; however, they are few and far between. Out of over one to two million sayings attributed to the Prophet Muhammad, the Sunnis speak of twenty-five thousand authentic traditions while the 'Ibadis argue that only one thousand are genuine. Tim Mackintosh-Smith feels that five thousand might be a more reasonable number. That means that the ratio of authentic to spurious traditions in the Sunni tradition is 200:1. Throw in the traditions from other Muslim sects and it might rise to 500:1. The problem is that Qur'anic commentators and jurists have drawn extensively from this ocean of falsehood for fourteen hundred years. The Qur'an is the criterion. If prophetic traditions agree with the Qur'an, we can consider their candidacy for authenticity, so long as they can plausibly trace back to the Prophet, in one way or another, so long as they are just, moral, ethical, and egalitarian, and so long as they are theologically sound. Most purported prophetic traditions, however, are fabrications.

Radicals and extremists claim that anyone who rejects an "authentic" saying of the Prophet is an unbeliever. The fact of the matter is that there are scores of "authentic" *ahadith* that are racist, sexist, violent, intolerant, unjust, as well as immoral and unethical, according to the criterion of the Qur'an. They are an insult to God and the Prophet. Consequently, I contend that anyone who accepts these types of traditions is someone who has gravely violated the very basic Islamic norms and principals and has potentially stepped outside the boundaries of Muslim faith. Our sources may be the Qur'an and the Sunnah; however, we must never ignore the overarching importance of reason. Reason cannot firmly establish the articles of faith and the canons of practice by its own power, but it can certainly point out the places where Islamic practice has been perverted and the Islamic faith betrayed. We should not accept a tradition as authentic simply because it bears a subjectively sound chain of narration which any competent Muslim scholar could have forged."

The challenge lends to a deeper understanding of what evil incarnate actually means in the context of the matrices; the God of Abraham does not do evil but men influenced by the Satan manage to corrupt holy writ to influence others to do evil in the name of God. It is almost axiomatic that men who intend the greatest evil will cloak the atrocities in the name of God...Islam, Christianity and Judaism are all guilty.

The Quran includes approximately 500 verses that either promote violence to advance Islam or speak of Allah's hatred for unbelievers with nary a single verse that commands love for those outside of Islam; the Quran is a guidebook instructing Muslims to wage eternal jihad and how to deal with, and how to think of, anybody outside Islam...all of which are designed to infiltrate and then overcome unbelievers followed by forced conversion or slavery.

Islam is an extremely rigid and uncompromising cultural and political system disguised as a religion which commands and mandates conquest and subjugation using whatever means necessary until "...all religion is only for Allah". There exists no middle ground and when in the minority Muslims are prone to discontent, demands and disloyalty but when in the majority, lacks any kind of tolerance for dissent using violence and intimidation to force submission. As for the "religion of peace" the closest Islam comes to peace is as it is with every other rationalization that evil prefers to deceive with...words; Islam is said to be derived from Salam, Arabic for peace, which is patently untrue; Islam means "submission" nothing more.

Moshe Sharon, Professor Emeritus of Islamic and Middle Eastern Studies, Hebrew University of Jerusalem, provides a view of Islam as if from the inside, writing: "...[S]ince the creation of the world there is only one religion and it is the religion of Islam.... therefore, when Islam was not in that area before Mohammed came to it, it should have been there....So any place like this had to be freed, not to be conquered...And therefore, there is no Islamic occupation. If somebody occupies anything, it will always be somebody else, not the Muslims. So, there is no Islamic occupation. There is only Islamic liberation."

Muslims worldwide have been inculcated into the meme that Mecca before Muhammad was a city of evil pagans which had to be conquered by the purity of Islam as preached by Muhammad, after which Muhammad introduced a new era of peace, religious tolerance, civic harmony and forgiveness. Nothing could be farther from the truth as Islamic writings from the era make eminently clear.

The truth is that Mecca was a pluralistic, multicultural, and tolerant civic center that was indeed pagan with the Kaaba housing over 360 idols including Hindu idols; many ostensibly Arab are arguably words have their origins in Aramaic and Sanskrit...including "Arab" itself and 'allah' a term ascribed to a goddess. The truth is that Allah was one of the gods within the pantheon of the 360 pagan gods and Muhammad simply absconded a familiar term and incorporated it into his new religion much the same way Abraham, Ismael and Moses et al imparted legitimacy when misappropriated and incorporated into the new religion.

Mecca was just one of six cities on the Arabian Peninsula with a Kaaba; merely a cubed building housing hundreds of idols; built, according to Muslims, by Abraham and Ishmael. While the obvious intent is to establish Mecca as the focus of worship for the entire world, history does not support the claim starting with Judaic writings which make no mention of Abraham traveling to Mecca or having anything to do with Ishmael after he and Hagar were sent away.

The people of Mecca were, by and large, polytheists, who worshipped individually preferred gods while respecting the rights of others to do the same. Even the Hajj, the pilgrimage to Mecca that is one of the Five Pillars of Islam, preceded Mohammad though not necessarily to Mecca and most certainly not Islamic.

Mecca was once a place where people from every corner were allowed to pray to the idols of their choice at the Kaaba. Jews and Christians worshipped alongside the others but their faiths did not condemn and conversions between faiths were a personal matter; no record exists of persecution against those who practiced their religion while refraining from insulting others.

The people of Mecca were the exact opposite of what Islam portrays and the Islamic historical record indicates that when Muhammad began proselytizing his new and ever evolving religion in 610 CE at the age of 40 the people of Mecca asked only that their toleration of his religion be reciprocated in kind. Instead, Muhammad proclaimed himself a prophet and made a point of insulting the religions of others breaking a tradition that had been respected for hundreds of years. The situation was made even more untenable when the discord threatened what was the livelihood of many who depended upon the pre-Islamic pilgrimages to Mecca.

The truth is obvious with the only concession and acceptance required. If you would prefer some empirical historical evidence, be ready to mop the blood from the floor; from the first day he wielded a degree of power Mohammad was a butcher, killing all who opposed his false religion.

Muhammad continued his contentious proselytizing for a relatively unsuccessful 13 years until he was forced to flee with less than 200 believers to Medina in 622 after he made an alliance with a tribe with no ties to Mecca and essentially declared war on the city that had originally welcomed him. From Medina, Muhammad spent six years raiding their caravans and harassing them vindictively. Mecca was lured into a peace treaty in 628 that was to be 10 years in duration, but lasted only two when an unsuspecting and essentially defenseless Mecca awoke to the army of Muhammad walking through open and undefended gates.

The Islamic historian Ibn Ishaq/Hisham, among others, leaves no doubt that Mecca and its people did not want war, were not prepare for war, and were not expecting war when an army of 10,000 marched through the gates of Mecca.

Islam touts that there was no wholesale slaughter of the residents of Mecca inferring that the conquest was benevolent but I would warn that there is another truth that should advise every American; Mecca was defenseless and not expecting the sudden appearance of 10,000 armed men...and all it took was lies from a deceiver to insure their demise. Do not believe a word that issues from the acolytes of either false religion; Marxianity or Islam. You need only connect the dots to understand the vindictive nature of what deaths did occur in Mecca at the hands of Muhammad. The evidence and the truth is readily available for those who want to know the truth as these selected excerpts from the website TheReligionofPeace.com make excruciatingly clear:

"He had two singing girls, Fartana and her friend, who used to sing satirical songs about the apostle, so he ordered that they should be killed" (Ibn Ishaq/Hisham 819)

Their master, Ibn Khatal, an apostate from Islam, was also slain on Muhammad's order even as he tried to take refuge in what was considered the holiest of places:

Allah's Apostle entered Mecca in the year of its Conquest wearing an Arabian helmet on his head and when the Prophet took it off, a person came and said, "Ibn Khatal is holding the covering of the Ka'ba (taking refuge in the Ka'ba)." The Prophet said, "Kill him." (Bukhari 29:72, Muslim 7:3145)

A former scribe of Muhammad's named Abdullah also made the hit list for leaving Islam after realizing that the transmissions from Allah were arbitrary by successfully suggesting changes to Muhammad about the wording of certain supposedly immutable "revelations."

As with some of the others, Abdullah managed to save his neck by "converting" to Islam just before the moment of execution. Rather than mock the people who mocked him, or turn the other cheek (as a different "prophet" named Jesus once preached), Muhammad killed those who would not repent for rejecting him (see the Answering Islam article Muhammad and the Ten Meccans for a full list of those were sentenced and/or executed).

It was at this point that Mecca, one of the most religiously diverse cities on earth, became one of the most oppressive and intolerant. Muhammad's first order of business was to destroy the idols of the very people who allowed him to preach his religion in their city for thirteen years:

"The Prophet entered Mecca and (at that time) there were three hundred and sixty idols around the Ka'ba. He started stabbing the idols with a stick he had in his hand and reciting: "Truth (Islam) has come and Falsehood (disbelief) has vanished." (Bukhari 43:658)

The prophet of Islam then sent his men out to destroy the temples of other tribes, both around Mecca (Ibn Ishaq/Hisham 840) and as far away as Yemen (Bukhari 59:643).

With their own religion violently destroyed, most Meccans had no choice but to outwardly "embrace" the very religion they had adamantly rejected for the twenty-one years prior to having a sword at their throat. To say that this was heartfelt (as some Muslims today actually do) stretches the limits of credulity.

Before evicting those who would not convert, Muhammad first used the allied strength of the local Meccans to conquer a neighboring city, al-Taif, as payback for their earlier rejection of him (and, ironically enough, their own unwillingness to make an alliance with him against the Meccans).

After a few months, Muhammad was in a position to break what was left of his treaty and forcibly evict the remaining non-Muslims from their own city:

"So when the sacred months have passed away, then slay the idolaters wherever you find them, and take them captives and besiege them and lie in wait for them in every ambush, then if they repent and keep up prayer and pay the poor-rate, leave their way free to them." (Quran 9:5)

Prayer and the "poor due" are among the pillars of Islam - salat and zakat respectively. According to Islam's holiest text therefore, the only way for polytheists to avoid death was to convert to Islam or flee the city. Consider the fate of an elderly man who preferred to pray in his own way:

"The Prophet recited Suratan-Najm (103) at Mecca and prostrated while reciting it and those who were with him did the same except an old man who took a handful of small stones or earth and lifted it to his forehead and said, 'This is sufficient for me.' Later on, I saw him killed as a non-believer." (Sahih Muslim 19:173).

"The Prophet said, 'No prayer is harder for the hypocrites than the Fajr and the 'Isha' prayers and if they knew the reward for these prayers at their respective times, they would certainly present themselves (in the mosques) even if they had to crawl.' The Prophet added, 'Certainly I decided to order the Mu'adh-dhin (call-maker) to pronounce Iqama and order a man to lead the prayer and then take a fire flame to burn all those who had not left their houses so far for the prayer along with their houses.'" Bukhari 11:626

Jews and Christians weren't spared the religious bigotry. In fact, they were eventually chased out of the entire Arabian Peninsula based on Muhammad's final injunction from his deathbed: I will expel the Jews and Christians from the Arabian Peninsula and will not leave any but Muslim. (Sahih Muslim 4366)

So, Muhammad not only evicted non-Muslims from Mecca, he also banned them from approaching the Kaaba altogether. This was an extraordinary example of hypocrisy given that, according to the Qur'an's second chapter, preventing people from worshipping at the Kaaba is akin to "persecution," and so important that "slaughter" is mandated by Allah in this case.

Islam thus became a system of double standards in which "might makes right" and the morality of an action is judged only by whether or not it advances Islam or benefits Muslims. To this day, Muslims demand the freedom to preach their faith in non-Muslim countries, yet actively deny the same right to other religions where and when they have the power. They also insist that others have the right to convert to Islam, while no Muslim has the right to leave on penalty of death.---

The truth can hold its own ground no matter the arena and one need only refer to Muhammad's own words to determine the actual importance of the Kaaba. In the Sahih Bukari, Volume 1, Book 3, Number 128 Muhammad said to his favorite wife Aisha, the same young girl who at 9 years of age consummated her marriage to Muhammad, "Had not your people been still close to the pre-Islamic period of ignorance I would have dismantled the Kaaba and would have made two doors in it; one for entrance and the other for exit" ...so much for the fiction of a building that Abraham and Ismael built to be the center of worship for the world.

If one wants a summary of Islamic martial aggression over the 1400 year span between Muhammad and the rise of Islam and today there is the work of Helena Schrader, PhD History, University of Hamburg, with one work in particular worth the time to read: *Muslims claim the Crusades were an unprovoked holy war. Christians claim they were a response to centuries of Muslim aggression. What's the truth?*

Most people are familiar with the Muslim Qibla, facing Mecca to pray five times a day but most have no idea what the prayers entail. Each of the prayers includes a passage called "al-fatiha." Every practicing Muslim repeats this passage a total of 17 times every day: *"In the Name of God, the Merciful, the Compassionate: Praise belongs to God, the Lord of all Being, the All-merciful, the All-compassionate, the Master of the Day of Doom. Thee only we serve; to Thee alone we pray for succour. Guide us in the straight path, the path of those whom Thou hast blessed, not of those against whom Thou art wrathful, nor of those who are astray".*

The reference made to those who have been led "astray" is directed at Christians while those who are deserving of "wrath" are the Jews. 17 times each day Muslims worldwide are reminded who their enemies are. This is mainstream Islam, and true significance of what may appear to some to be a subtle difference between the two in a prayer over a thousand years old becomes evident in the context of the Convergence Matrix; those led astray, Christians, are subject to being brought to the correct path i.e. abandoning those who are to incur wrath; the Jews. While Christians have become complacent and accepting, Muslims are taught to aspire to jihad and become agents of Allah's wrath.

Medina and Mecca are the only two cities in the world today that exclude individuals do not belonging to the false religion Islam. It would seem "progressives" over the last 70 years, including the United Nations, would declare and demand that such exclusion, and blatant discrimination, does not comport with their touted multiculturalism and deem the practice incompatible with the modern world. None are willing to make such a demand because it serves Marxianity's purpose; the deference displayed by the false religion Marxianity for the false religion Islam is as an echo from the dark past.

"Only in the Roman Empire and in Spain under Arab domination has culture been a potent factor. Under the Arab, the standard attained was wholly admirable; to [Islamic] Spain flocked the greatest scientists, thinkers, astronomers, and mathematicians of the world, and side by side there flourished a spirit of sweet human tolerance and a sense of purist chivalry. Then with the advent of Christianity, came the barbarians. Had Charles Martel not been victorious at Poitiers—already you see the world had already fallen into the hands of the Jews, so gutless a thing Christianity!" Adolph Hitler

One of the most incongruous quotes ever uttered in that a majority of the "...greatest scientists, thinkers, astronomers, and mathematicians of the world..." Hitler refers to were in fact Jewish, but the quote is a vivid display of the extent of rationalizations so prevalent within the ranks of those who have succumbed to evil incarnate; the barbarians that are the Christians came *after* the Islamic domination of Spain. Hitler ruminates that Charles Martel's victory at Tours/Poitiers was somehow at the behest of Judaism?

It is no coincidence Charles Martel stopped Islam's deepest European incursion at the Battle of Tours/Portieres 100 years after the fall of Mecca. It's no coincidence 1570 is exactly 1000 years after the birth of Muhammad; the sixth date identified in the first paragraph of the Convergence Matrix marking the excommunication of Queen Elizabeth I with the Pope Pius V *Regnans in Excelsis* papal bull. It's no coincidence that with the Anglican Church a Protestant island fortress from which the 13 colonies originated came into being. It's no coincidence Islam was defeated at the Battle of Lepanto in 1571 forever denying Islam the Mediterranean. Finally, it's no coincidence Bertrand Russell and others considered the reign of Elizabeth as the start of the Enlightenment.

"There is no point in using the word 'impossible' to describe something that has clearly happened."
Douglas Adams, *Dirk Gently's Holistic Detective Agency*

Islam is less a religion of peace than a warped and ravenous political ideology sharing the same goal as its ally Marxianity; *global conquest*. From the first day Muhammad declared the central tenets of his new religion to be conquest, forced conversion, theft and tyranny sanctioned by Allah and spread like a cancer. For the next 1000 years Islam constantly attacked Europe and had it not been for Charles Martel, Charlemagne's grandfather, defeating the deepest Islamic incursion into Europe at the battle of Tours/Poitier in 732AD western civilization would have been stillborn.

Hitler merely confirms what everybody with half a brain already knows; he was evil incarnate and his allegiance to Islam is no different than the current alliance between Marxianity and Islam if one can concede the existence evil as an actual entity explaining the common thread both exploited at the expense of society and women in particular. Islam, like Marxism, legitimized theft and misogyny; Muhammad hijacked Judaism just as Marxism hijacked Christian tenets to undermine Christianity and both have a common thread...sex as John Quincy Adams (1767-1848) son of John Adams and sixth President of the United States, well understood:

:

"Adopting from the new Revelation of Jesus, the faith and hope of immortal life, and of future retribution, he [Mohammed] humbled it to the dust by adapting all the rewards and sanctions of his religion to the gratification of the sexual passion. He poisoned the sources of human felicity at the fountain, by degrading the condition of the female sex, and the allowance of polygamy; and he declared undistinguishing and exterminating war, as a part of his religion, against all the rest of mankind. THE ESSENCE OF HIS DOCTRINE WAS VIOLENCE AND LUST, TO EXALT THE BRUTAL OVER THE SPIRITUAL PART OF HUMAN NATURE. Between these two religions, thus contrasted in their characters, a war of twelve hundred years has already raged. The war is yet flagrant ... While the merciless and dissolute dogmas of the false prophet shall furnish motives to human action, there can never be peace upon earth, and good will towards men." [The words in caps are as originally printed].

Pray tell, where in Judaic or Christian scripture is there anything like the 72 virgins reward for jihad?

Hadith 2687 reads "The smallest reward for the people of Heaven is an abode where there are 80,000 servants and 72 houri..." and "Each time we sleep with a houri we find her a virgin" according to 15th century Qur'anic commentator Al-Suyuti. Like the Book of Revelation which entices with "streets of gold" and "pearly gates" the Quran and Hadiths are filled with earthly rewards...which Yeshua said are meaningless. Perhaps the need to satisfy animalistic needs comes with scripture originating in caves where early pre-sentient human beings lived; appealing to animal instincts.

With the sexual revolution, the most successful neo-Marxist liberation movement in history, the idea of liberty was supplanted by license and what followed with abortion on demand was a death cult; Molech. Islamists are straightforward about their death cult as exemplified by the monstrous Hamas Interior Minister Fathi Hammad:

"The enemies of God do not know that the Palestinian people have developed their methods of death and death-seeking. For the Palestinian people, death has become an industry, at which women excel, as do all the people living in this land. The elderly excel at this, and so do the *mujahidin* [i.e. the jihad fighters] and the children. This is why they have formed human shields [*duruq bashariyya*] of the women, the children, the elderly, and the *mujahidin*, in order to challenge the Zionist bombing machine. It is as if they were saying to the Zionist enemy: 'We desire death, just as you desire life.'"

It is hard to imagine an ideology that would use women and children as shields with the intention of creating footage of the dead and dying to sway opinions in the west; opinions largely harbored within Marxianity where the true measure is not life but rather oppressor and oppressed on the never ending road to utopia that always leads to a graveyard. It might be said Marxists and Islamists are brothers from a different father.

Gramsci in the Minaret

"In the mid 1970s, the KGB ordered my service, the DIE—along with other East European sister services—to scour the country for trusted party activists belonging to various Islamic ethnic groups, train them in disinformation and terrorist operations, and infiltrate them into the countries of our "sphere of influence." Their task was to export a rabid...hatred for American Zionism by manipulating the ancestral abhorrence for Jews felt by the people in that part of the world. Before I left Romania for good, in 1978, my DIE had dispatched around 500 such undercover agents to Islamic countries. According to a rough estimate received from Moscow, by 1978 the whole Soviet-bloc intelligence community had sent some 4,000 such agents of influence into the Islamic world."

Gen. Ion Pacepa of the DIE; the Romanian KGB

While deluded and cowardly Christian and Judaic shepherds meekly preach love, tolerance and diversity assuring their equally deluded flocks G+d will do all the work, the Imam's of Islam, with the blessings of Marxianity, preach eternal jihad and extermination of the Jews. It would seem the shepherds would test not only the delusion but also their convictions with a simple question; would the shepherds agree that unless a Muslim renounces the destruction of the Jews and Israel there is no room to talk?

But then there is the reality of taqiyya which shields a Muslim intent upon subversion; another trait common to both false religions. Those Muslims who actually believe there is a major problem with the anti-Semitism remain silent for fear of ostracism or retribution by their own communities, leaving organizations like CAIR to speak for them in tones reflecting the entirely domesticated European and American shepherds...while working tirelessly behind the scenes to advance Islam.

The unholy alliance between Islam and Marxianity, the misguided false equivalences of denominational Christianity, the media and government as enforcer converged in Bernards Township, New Jersey, some time ago and *The Atlantic*, a reliable mouthpiece for Marxianity ran an article titled *A New Jersey Mosque Wins in a Religious-Discrimination Lawsuit—Over Parking Lots* noting in its banner "Zoning ordinances are a common tool of bias against faith groups. The Bernards Township settled two cases brought against it"...by the Department of Injustice in November of 2016".

The case was settled in federal court with the Islamic Society of Basking Ridge ISBR, receiving \$3.25 million and a court order restraining the free speech rights of citizens during ongoing public hearings on the mosque; *"No commentary regarding Islam or Muslims will be permitted"* in the public debate as Islam prepares to build yet another mosque. Speech is an essential liberty and there are far more ways to hinder freedom of speech than a hand clasped over a mouth; Americans are losing their liberty one definition at a time and unless Americans regain the courage to speak the truth Ben Franklin will begin to sound like a prophet as well.

"Those who would give up essential Liberty, to purchase a little temporary Safety, deserve neither Liberty nor Safety."

That *The Atlantic* lauded a religious freedom decision does not speak to the impartiality of a media not inclined to champion religious freedom when it concerns Christianity, but is instead merely intended to project the image of reasoned impartiality by equating Islam to Christianity effectively creating a political third rail for those who would criticize Islam. The strategy of Marxianity's media is to be expected but what is perplexing is the support extended by the Becket Fund for Religious Liberty and the even more conservative Ethics and Religious Liberty Commission of the Southern Baptist Convention; the blind leading the blind.

The joined amicus brief of the two organizations reads in part "Such unequal treatment of the mosque in this case represents a potential threat to the free exercise rights of each of the *amici* represented here, and is an affront to our nation's commitment to religious liberty for all." Their approach reflects that displayed by republicans such as McCain, Sessions and Romney clinging to vestiges of principle while believing themselves to be wise conceding ground daily to evil identified as such by G+d Himself in the matrices. The interfaith community has been described by Islamic scholar Tarek Fatah as an "interfaith harem".

"True wisdom does not lie in mere practice without principle."

Thomas Jefferson to John Adams, 1816

Later the Thomas More Law Center filed a lawsuit challenging the order alleging "Bernards Township's settlement agreement constitutes a prior restraint on speech based on content, as well as, a violation of the (First Amendment) Establishment Clause because it prefers Islam over other religions" and in a news release added "While claiming that the Township had a religious animus against Muslims, ISBR hid from the public view its animus toward Christians and Jews, by not only hiding anti-Christian and anti-Semitic verses published on its website, but also hiding its significant ties to ISNA [Islamic Society of North America]"; a society "rehabilitated" by the Obama administration. The intelligence digest *Global Muslim Brotherhood Daily Watch* website is less amenable; defining INSA as follows:

"The Islamic Society of North America (ISNA) describes itself as "an independent, open and transparent membership organization that strives to be an exemplary and unifying Islamic organization in North America by contributing to the betterment of the Muslim community and society at large. ISNA emerged out of the early U.S. Muslim Brotherhood infrastructure and documents discovered in the course of the terrorism trial of the Holy Land Foundation confirmed that the organization was part of the U.S. Muslim Brotherhood. ISNA was named as a Holy Land unindicted co-conspirator as a result of what the US Justice Department called the organization's "intimate relationship with the Muslim Brotherhood, the Palestine Committee, and the defendants in this case." In 2009, a US federal judge ruled "The Government has produced ample evidence to establish the associations of CAIR, ISNA and NAIT with HLF, the Islamic Association for Palestine ("IAP"), and with Hamas." ISNA has had a long history of fundamentalism, anti-semitism, and support for terrorism."

It needs be said as many times as necessary... Americans are being forced to confront a reality none in their comfortable complacency ever thought would happen; a confrontation of biblical proportions; Marxianity is a religion posing as a political ideology in alliance with Islam, a political ideology posing as a religion; Marxianity attempting to supplant Christianity and Islam attempting to supplant Judaism with both fully intent on destroying the United States so as to destroy Israel. To the impotent, flaccid and facile American interfaith community I would add a single quote to frame your naiveté:

"Islam isn't in America to be equal to any other faith, but to become dominant. The Qu'ran should be the highest authority in America, and Islam the only accepted religion on earth."

Omar Ahmed, Council for American Islamic Relations Founding Chairman

It is worth noting that dhimmitude is the practice that garners from apologists the fiction of Islamic "tolerance"; "dhimmitude" is derived from the Arabic word *dhimmi* which means "protected". As the Muslims conquered territories and populations the terms of surrender were formalized in a treaty, a *dhimma*, setting forth the legal and social obligations of non-Muslims, primarily Christians and Jews, thereafter subject to Islamic rule....which included a tax and subjugation to Islam. The hypocrisy intrinsic to the fictional "tolerance" displayed by Islam is exemplified in the person and experience of Bat Ye'or; a Jewish author whose family was forced to flee Egypt at the cusp of the Soviet inspired Islamic resurgence in 1957.

"I had witnessed the destruction, in a few short years, of a vibrant Jewish community living in Egypt for over 2,600 years and which had existed from the time of Jeremiah the Prophet. I saw the disintegration and flight of families, dispossessed and humiliated, the destruction of their synagogues, the bombing of the Jewish quarters and the terrorizing of a peaceful population. I have personally experienced the hardships of exile, the misery of statelessness – and I wanted to get to the root cause of all this. I wanted to understand why the Jews from Arab countries, nearly a million, had shared my experience"

Nearly a million Jews have been expelled from Islamic countries losing everything as they had so many times before in the last 2000 years. One hears nothing of this diaspora from Gramsci's academia, media and political high priests of Marxianity but every day the plight of a fictional people, the Palestinians, is championed; the "Palestinians" were the victims of western imperialist countries led by the United States to ease their conscience after Hitler's Holocaust many say. The assertion is deception and deflection of the highest order; "Palestinians" are the result of the Soviet strategy of encouraging "national liberation movements" after it was clear that the expectation of spontaneous worker revolutions was an illusion.

Gog and Magog before your very eyes and the dots to be connected are getting far too obvious to ignore, yet most sit back in comfortable complacency believing neither Marxianity nor Islam represent an existential threat to western civilization, the United States and Israel.

HaShem's Offer of Peace to the Ishmaelites

The Civil War between the seed to be planted of Abram and Abraham's seed of descent will end on July 4th 2026 with The House of Ishmael reconciled to the House of Israel, with only the choice of how the reconciliation will occur left to be decided by the House of Ishmael; fire or reason. The House of Ishmael faces many of the same choices as the House of Judah; the Torah provides the only legitimacy either can claim but neither accept the primacy of the Torah...but only Islam demands the destruction of the guardians of Torah.

There are 120 Muslims for every Jew and even though Judaism has never posed a threat, Islam insists the Jews must be destroyed. That single truth must be placed upon the scale of decision; is a 1400 year old demand that every Jewish man, woman and child be destroyed reasonable...or evil?

For all Muslims who will read this writing know that the G⁺d of Abraham is Author of the matrices and is offering peace letting Muslims know there is very little time to learn and acknowledge the truth; all of Islam need only stand down and await 2026...or face the wrath of a very real G⁺d of Abraham intent on the preservation of a chosen people necessary to usher in a new beginning; Yeshua will be in 2026 Jerusalem.

Because the decisions to be made are on a decidedly individual basis the truth revealed cannot be left to Imams any more than Christian denominational church shepherds; the responsibility for the truth rests with each individual henceforth. Our Creator's offer of peace was not made to religions, nations, kings, organizations or families; the offer of peace was made on a very personal basis and every person on earth must decide individually. There is a solution; land for peace but on God's terms as detailed in Pamphlet 22:

The secular mindset has even affected the thinking of Zionists who debate what to do about the West Bank with opinions ranging from full annexation, unilateral withdrawal as in Gaza, a combined Palestinian state or some mix that will satisfy the Arabs and international community. Accept once and for all time; trading Israeli land for peace is no longer an option.

What none dare to speak about but now must be trumpeted from the rooftops is upon us; the politicians in Israel and around the world have no authority to negotiate away any of the lands promised to Abraham, Isaac and Jacob; Numbers 33:55-56 is operative and whether blacks who identify as black before American, Muslims in Europe or Arabs in the land promised...none should be out of place in 2026.

"But if you do not drive out the inhabitants of the Land from before you, then those whom you leave over will be as spikes in your eyes and thorns in your sides, and they will harass you in the land in which you settle. And it will be that what I had intended to do to them, I will do to you."

There is no way to soften the blow of what will be; Yeshua will return as Mashiach in 2026 at which time the Israel promised to Abraham, Isaac and Jacob will become a reality. There will be no better offer than this offer of peace with terms; the God of Abraham, Sinai, Yeshua and 1776 is letting Islam know that with the Convergence Matrix the only escape route is a great Sunni nation...brought into being by the *Israel/Ishmael Treaty*.

The end of days have arrived and now with less than four years remaining the blows cannot be softened, but impact on the ground can be mitigated by the numbers; six million is a reoccurring number that cannot be ignored.

There are six million practicing Jews in Israel. There are six million Arabs in Gaza, the West Bank and Israel proper. There are six million in Lebanon who need not be concerned about 2026 as long as they do not engage or enable attacks on Israel. There are six million whites in Africa to be evacuated in exchange for six million blacks in America who identify as black before American returning in the African Exodus to build a great African nation. And finally, between the United States and Europe there are six million Jews that must make Aliyah to Israel before 2026.

Six million is not the only numerical "coincidence" as it concerns a common sense solution to the "Palestinian" issue; when one calculates the length of the coastline going north from Lebanon including the Tartus/Latakia Governorates of Syria combined with the Hatay (appendix) Province of Turkey it constitutes a strip of land on the Mediterranean that equals Israel's shoreline. As to land the Tartus Governorate is 731 sq. mi. / the Latakia Governorate is 887 sq. mi. / the Hatay Province is 2133 sq. mi. for a total of 3751 sq. mi. far exceeding the 1450 sq. mi. of arable land in Israel...enough shoreline to create an Arab Riviera and enough land to absorb the every Palestinian and Muslim in Europe wise enough to recognize mathematics incapable of deceit.

Hatay Province is a dirty little secret kept quiet and away from outside eyes; Hatay was annexed in 1939 within a year of the death of Turkey's founder Ataturk who recognized it as a Syrian province and since then has remained an unresolved issue...until now.

Land for peace has been a mantra for decades as have the two state and one state "solutions" and all have failed miserably. It is both reasonable and logical a just God of Sinai would impose upon Islam the definition of justice they themselves imposed upon Israel. The land for peace solution requires detaching the festering appendix that is Hatay Province from Turkey to be joined with Tartus and Latakia to create a federal district much like the District of Columbia; the capitol of *Ishmael*.

It is incumbent upon the House of Saud to take the lead and join with the Jordanian, Omani, Bahraini, Kuwaiti, Qatari and Emirates royal families in that Genesis 17:20 is clear; "And regarding Ishmael, I have heard you; behold I have blessed him, and I will make him fruitful, and I will multiply him exceedingly; he will beget twelve princes, and I will make him into a great nation". The only question is the identities of the twelve princes; twelve Ishmaelite princes chosen from the royal families who have faith God does not err.

Sunni scholars know the Torah and with the immutable mathematics of the matrices can see the writing on the wall made clear; any serious attempt to destroy Israel will result in a cataclysm Mecca and Medina would not survive...yet Iran is willing to create a cataclysm to prompt the reappearance of the 12th Imam. Ironically, it will take a great statesman as the Mahdi is described to unite Sunni Arabs behind an idea whose time has come; an Arab Riviera and the capitol of a great Ishmaelite nation...at peace with each other, their half-brothers in the House of Israel and the Jews of the Lesser House of Judah Christianity.

Islam cannot look to the faithful emissary to justify rejection of the truth asserting this writing to be nothing more than contrivance to attack Islam; every tower constructed by mankind is subject to the same scrutiny. Albert Camus once wrote *"But above all, in order to be, never try to seem"* and because I proclaim I can never be anything more than human detritus the truth stands of its own accord in that the emissary can neither add nor distract but merely interpret. The time of prophets has long passed and HaShem's faithful emissary will have no refuge within any of the constructs of man; not one tower will welcome my writings in that all, not just Islam, fall short of the mark...as does the emissary.

Our Creator did not intervene in the life of the emissary to insure the emissary remained pure and above reproach so as to be acceptable to religion, but instead allowed the emissary to accumulate regrets and thereby learn the cost of separation so as to speak in terms the average man might understand. The question is why, if it would be conducive to the religiously inclined, the chosen emissary is such human detritus? The answer is obvious and comports to what scripture says should be expected...the weakest to confound the strong, the foolish to confound the wise to display our Creator's infinite capacity to forgive and turn great wrong into greater good.

Only human detritus, the weakest and most likely to be dismissed, is capable of challenging the towers, the constructs of man, in that only the writing matters. I am no different than the average person which speaks volumes as to the potential within every human being; all are capable of not only confirming this writing as truth but also expanding upon the truth...but the towers of religion, politics and academia need not apply unless they do so with humility and an open mind which must first concede the matrices are brilliant in conception and application written in the "language of G+d" mathematics.

There is nothing in this writing not subject to individual research, scrutiny, analysis and reason using the same library of information used by the emissary made available by technology to the entire world; for the first time people around the world will learn the Torah is vital instruction provide by a power and intellect beyond human comprehension; the chosen people have proven the instruction and Yeshua paid the price of adoption into the family of man intended by G+d from the beginning. One need only apply to the research that which was provided by G+d for a cynical world; a scale by which to measure all things allowing a view from a higher vantage; a scale provided by the matrices.

"The Torah and moral law of Sinai, Yeshua as a precisely defined messiah of purpose, the Declaration of Independence and the Constitution of the United States, republican governance as defined by Jefferson and Adams, are the benchmarks by which all else is to be measured...gone are the debates as to every belief system on earth having equal stature."

In that I am an average person less guilty than some and far guiltier than most having never affiliated with a denomination which speaks to the level of conversation being demanded; reason must now prevail over mere belief and the mountains of ignorance must still be climbed...but rather than being impressed that theologians have been there for centuries the newly informed must be prepared for debates worthy of wings.

As it concerns those who have submitted to Islam, stand down and wait for 2026; G+d has fulfilled his promise to Abram "To your seed I have given this land, from the river of Egypt until the great river, the Euphrates river"; the people of Islam are the seed of Abram planted and to seek the destruction of Abraham's seed of descent, the Jews and Israel, is to invite destruction. Look to God's words and one can discern the Sunni enmity toward Iran is well founded; Iran is beyond the land promised by G+d to the Ishmaelites in Genesis 15:18:

"On that day, the Lord formed a covenant with Abram, saying, "To your seed I have given this land, from the river of Egypt until the great river, the Euphrates river"

Our Creator does not wish anybody to suffer or die needlessly, or worse forfeit their very souls, but what can be expected when there are those who will dismiss what which cannot be reasonably dismissed anymore and are convinced the towers will not fall to a G+d evidenced?

The word blasphemy has for far too long been consigned to a quaint and distant past, but with this writing blasphemy gains precise definition; to deny G+d's offer of peace is to blaspheme the Holy Spirit...and Yeshua made clear to do so will not be forgiven. Islam needs only stand down and wait for 2026 to avoid an unnecessary confrontation with a Creator who has never been on a first name basis with human beings.

Islam is by no means the "Religion of Peace" but rather calculated evil that is, like Marxianity, intended to test mankind's ability to discern right and wrong, good and evil. The matrices identification should be sufficient incentive to explore not only the "test" thesis but also the nature of evil in the context of time and physical existence as part of a weave adhering to certain laws beyond human comprehension; evil appears to pulsate filling voids much like the ebb and flow of the tides.

The original matrix and the stunningly accurate correlations represent ever expanding web of matrices which provide empirical mathematical evidence evil does in fact "...pulsate filling voids much like the ebb and flow of the tides" and said evil is intelligent, malevolent and capable of seeing through the mist of time; Muhammad had Mecca in his grasp yet claimed the Temple Mount for Islam while declaring his primacy over Judaism and Christianity. All of which are calculated affronts to HaShem not to challenge, but to test the ability of mankind to reason.

The ultimate truth will require ultimate displays of courage by individual human beings having to concede that *everything you know or thought you knew has changed and nothing will be the same.*

Godspeed,

Adler von Pfingsten
