

Annual Trade Show

The 125th Annual Tennessee PHCC Trade Show was underway this past April with the "Power of the PHCC" theme. Exhibitors lined the hall at the Knoxville Expo Center in Knoxville and attendees received a free lunch as they walked through the event.

Exhibitors displayed new products and technologies and made new contacts as well as visited with old friends and customers during the show. The event also featured the Apprentice Contest and a Contractor Contest, featured in this newsletter.

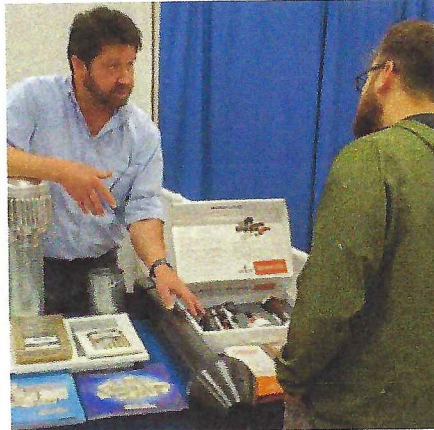

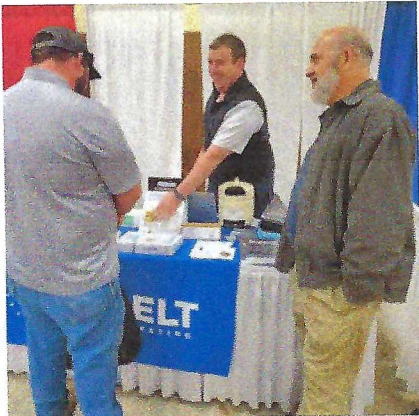

The Power of the PHCC in Person!

TN PHCC Contractor Contest

On the trade show floor, plumbing and heating specialists were invited to compete in the Contractor Contest. There were three timed events; install toilet "guts", cut various types of pipe and assemble a faucet. The contestants also had to toss a golf ball, a softball and tennis ball through a toilet seat on a stand.

Retired plumber Harry Ferstner, (right) won the competition and Dustin Watts of Scott's Plumbing (below) came in second. Josh "Hollywood" Spradling of Wilson Brothers Plumbing who is also a 3rd year plumbing apprentice at the Knoxville PHCC Apprentice School came in a respectable third.

Second Place winner Dustin Watts and Scott Robinson of Scott's Plumbing
