Zion Preschool and Prekindergarten Program Agreement

To keep our preschool and prekindergarten running smoothly, we'd like to offer this outline.

Payment Options:

Our preschool is billed for the year. Payments can be set up in 9 payments to be paid by the 1st of each month or semi-annually or annually. We do charge for the month of August, but not May, since they are both ½ months.

A deposit equal to 1 month's tuition is required at registration or spot will not be guaranteed. This will be deducted from the yearly total. Deposits will be held until August 1st of current school year. Zion must be notified by August 1 if a preschool student is NOT attending. The deposit will not be returned after August 1st.

Options:

- Monthly, 9 payments
- 2 equal yearly payments.
- 1 yearly payment (minus the deposit)

*** Rates are subject to change for the 2021-2022 school year. ***

Snack Milk:

Snack milk is offered to our students. Preschool and Prekindergarten is billed weekly. Currently, snack milk is \$.50 (rate subject to change for 2021-2022) for either white or chocolate. This is optional for your child. **We do ask that milk be paid on a monthly basis.** If payments are not made on a regular basis, we reserve the right to withhold snack milk until your balance is paid. Payments may be made with cash or check made to Zion Lutheran School. Please keep Preschool tuition and milk payments separate.

Transportation and General Busing:

Pierce Public Schools currently provides busing for **rural students only**. This is an optional service. There is no fee. Families **MUST** contact Randy Hetrick at the Pierce School Bus Barn at 329-6660 to get on the route.

Morning Preschool (PK3 and PK4): Your child will be picked up at home by rural route bus and dropped off at Zion at approximately 7:30 am. They will be dropped off on the northeast side of the building and enter through the north kitchen door. You are responsible for transportation after your child's preschool day.

Afternoon Preschool (PK 5): You are responsible for getting your child to preschool in the afternoon. If you are a rural student, busing is available after school. The general bus will take your student to the public school and your child will then board the appropriate rural route bus. These buses are color-coded.
