Dear Steve,

18 November 2025

On behalf of everyone here at Cancer Research UK, thank you so much for your generous donation of £2,000.00. This takes your grand total to date to an incredible, £5950.00. Thank you for your amazing support.

We're the world's leading cancer charity, dedicated to saving and improving lives with our research. In the last 50 years, our pioneering work has helped double cancer survival in the UK. And today it's continuing to save lives, here and around the world.

The more money we raise, the more progress we can drive for people affected by cancer – and that's why we're so grateful for your support. By investing in our scientists and their vital research, we can realise our vision of a world where everybody leads longer, better lives, free from the fear of cancer.

Your valuable donation of £5950.00 could fund the Add-Aspirin trial for 6 days. Professor Ruth Langley is leading a clinical trial in London, investigating whether aspirin could stop cancer from coming back after treatment. If successful, this could provide a cheap and readily available intervention that could save many lives.

If you've chosen to hear from us, we'll keep you updated about the progress we are making and the ways you can support our work in the future. If you'd prefer not to hear from us, and haven't told us this already, you can contact us using the details at the top of this letter.

Together we are beating cancer.

Yours sincerely,

Eve Mitchell

Associate Director, Supporter Relationship Management
