14<sup>th</sup> October 2022

Dear Steve,

One day we will beat cancer. Your very kind donation of £1,000.00 will help us make that day happen. On behalf of everyone at Cancer Research UK, thank you.

Your donation of £1,000.00 could buy 2 hotplates for scientists to warm up special solutions on, letting them choose the perfect temperature for their experiments. This can be vital when combining certain chemicals and determining the fate of important experiments. So, your donation really is helping to beat cancer sooner!

---

Cancer sadly affects 1 in 2 people in the UK, but your generosity means that we can bring real hope to those diagnosed with cancer and their families. Through our research, we've seen ten-year survival rates double from one in four 40 years ago, to two in four today.

While this is a significant achievement, there remain many patients for whom outcomes are particularly poor. Our ambition is to accelerate our work so that three in four people survive the disease within the next 20 years. Our research, entirely funded by people like you, will ensure that more people survive cancer; which is why we are so grateful for your support.
