Attn:

Professor Dr. Mudiarasan Kuppusamy
Dean, Faculty of Business & Technology
University of Cyberjaya, Selangor.

Dear Professor Dr. Mudiarasan Kuppusamy,

Confirmation of Research Grant Approval (RM25,000)

We are pleased to inform you that our management has approved the research grant support for your research project entitled “**Supply chain enhancement model for small e-commerce players.**”

We have allocated RM25,000 towards the project. In making this allocation, we believe that the amount will be fully used for the research. Please present the final research outcome by December 2021. Our management team will also need a copy of the definitive study.

The grant is allocated with the agreement that our company reserves the right to use the finalized result for our business purpose.

We request you to provide us with a regular progress report to understand the milestones. Our finance team will be in contact with you to finalise the fund transfer process.

We wish you all the best in the research endeavour.

Yours sincerely,

Geeva K.
E-Commerce Director
