Faculty of Business & Technology  
University of Cyberjaya, Malaysia

**INVITATION FOR RESEARCH COLLABORATION – GREEN FINANCE AND SUSTAINABLE DEVELOPMENT**

Following our recent conversation, we are pleased to invite you to join our institution in conducting a research project entitled "Green Finance and Sustainable Development".

The research aims to model the relationship between green financing and sustainable development in the European countries. We invite you to share your data modelling expertise in data analytics leading to the writing of joint authorship.

We aim to finish the research by April 2022 for a Scopus journal publication by September 2022. As part of the research milestones, the data analytics component must be completed by February 2022. Your cooperation will be appreciated.

With utmost regards,

Yours sincerely,

A handwritten signature in black ink, appearing to read 'Behrooz'.

- Professor Dr Behrooz Gharleghi  
Arden University Berlin
