# RAILS

**NO MORE PULLING TAPE**

YOU CAN GO THE DISTANCE FASTER AND EASIER WITH THE CONVENIENCE OF A NEW LASER TECHNOLOGY THAT MAKES MEASURING JUMPS AND THROWS A SNAP! AND IT'S PORTABLE TOO!

## Individual Rails

The number following the letters XTK in the description indicate how many Leica DISTO X3 lasers are included with the rail.

XTK100 Complete Rail System (1 laser)      \$3470.00

XTK200 Complete Rail System (2 lasers)      \$3860.00

XTK300 Complete Rail System (3 lasers)      \$4250.00

CALL FOR CURRENT PRICING. FREQUENT CHANGES DUE TO TARIFF RATE

XacTraK laser rails are the only patented rails that can incorporate the use of multiple lasers on a single shuttle. This allows the use of laser measuring on multiple toe boards during a triple jump competition.

# Xactrak®

PORTABLE LASER RAIL

Triple  
\$75.00

# VERTICAL LASER STICK

Use the XacTraK Vertical Laser Stick to verify the height of every Pole Vault or High Jump Setting. For our younger, up and coming competitors, our stick has a laser mounting location in the middle of the stick so EVERYONE jump heights are verified. Once again, XacTraK has separated itself from the competition with a unique design that includes all ages and talent levels.
