RAILS

NO MORE PULLING TAPE

YOU CAN GO THE DISTANCE FASTER AND EASIER WITH THE CONVENIENCE OF A NEW LASER TECHNOLOGY THAT MAKES MEASURING JUMPS AND THROWS A SNAP! AND IT'S PORTABLE TOO!

Individual Rails

The number following the letters XTK in the description indicate how many Leica DISTO X3 lasers are included with the rail.

XTK100 Complete Rail System (1 laser)	\$2425.00
XTK200 Complete Rail System (2 lasers)	\$2750.00
XTK300 Complete Rail System (3 lasers)	\$3105.00

XacTraK laser rails are the only patented rails that can incorporate the use of multiple lasers on a single shuttle. This allows the use of laser measuring on multiple toe boards during a triple jump competition.

Xactrak®

PORTABLE LASER RAIL MEASURING SYSTEM

EXPANDED VIEW

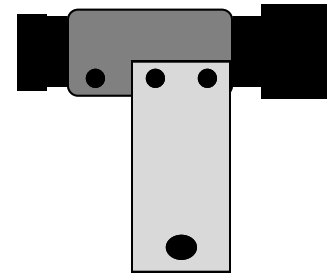

- 1 SLOT FOR SLIP MOUNT BOLT AND WINGNUT
- 2 THUMB NUTS THAT SCREW INTO CUPPLERS FOUR PER COUPLER
- 3 WASHER BOLT FOR CENTER LEG

- 4 SHUTTLE (SLIDES ON EITHER END DURING ASSEMBLY)
- 5 MOUNTING BRACKETS (2)

- 6 REFLECTOR (MOUNTS ON EITHER END OF RAIL)
- 7 SIGHT LASER (MOUNTS TO SHUTTLE)

LASERS

XacTraK Sight Lasers

LASERS

Leica DISTO X3

\$380

850834

A DISTO that's perfect for tough construction sites.

The DISTO X3 has the same rugged design as the X310 (e7400x)—IP65, drop tested at 2 meters—and it has a rotatable display which makes taking awkward measurements easier and more ergonomic. It also has greater range at 150m (490'), so it can go the distance.

Leica DISTO X4

\$525

855138

A DISTO designed for bright, outdoor environments.

Measuring outside often? The DISTO X4 improves on the X3 by adding a pointfinder camera, which lets you aim your DISTO's laser point using the full color, high-resolution display—simply line up your desired measurement point in the on-display crosshairs and you'll get a precise measurement.

Leica DISTO E7500i **\$665**

812806

A DISTO for the pros.

With 14 measurement modes, Smart Horizontal, Bluetooth, IP65 rating drop tested at 2 meters, and a range of 660' (200m), the E7500i is a DISTO that's truly built for professional measuring tasks on large, active job sites that require a high-performance LDM.
