

ASLAN KINGDOM KENNEL

DEPOSIT/PURCHASE AGREEMENT

Congratulations! We are so excited for you and your new fur baby.

Updates & Photos:

Picture day is usually on Saturdays or Sundays. We will send you weekly picture updates until your fur baby comes home. We also do videos and fun posts of all the litters on our Aslan FB Page and our Aslan TicToc page. Check out and like these pages so you will be notified when we post here.

Once you place a deposit on a fur baby, you will be emailed a Google Doc that has a lot of information for you to look through. There are a lot of videos as well for you to watch. All this information is designed so you have the absolute best experience purchasing your baby as well as getting you fully informed and ready for your fur baby to come home.

What's included in my purchase?

* You are purchasing a companion puppy, so we send all of our babies home with a Birth Certificate. Although all of our Parents are AKC registered with exceptions of our merles, they are ARPI Registered. Companion puppies do not need this documentation. If you are purchasing a baby for AKC Showing or Breeding purposes, AKC documentation is available at a Show or Breeding Cost.

* Your puppy comes with several Health Guarantee Options.

PLEASE CHECK THE HEALTH GUARANTEE YOU CHOOSE

OPTION 1

_____ **1 Year Health Guarantee** (See Health Agreement Below to see what this covers)
All babies come home with this, regardless what food you feed or vitamins you give.

OPTION 2

_____ **3 Year Health Guarantee** (See Health Agreement Below to see what this covers)
We offer this option if you sign up for NuVet and keep your account on auto ship for all three years. Choosing the auto ship option gives you a discount on NuVet and also allows us to track that you are choosing to keep this Health Guarantee. Don't feel locked in with auto ship, at any time you can log in and move your auto ship date. You have complete control of when it ships.
Why NuVet? Your baby and your baby's mama are currently on this product. We love this product for our babies because it helps boost their immune system and their overall GI Health. Check out the NuVet Page on our website to learn about this product and make your first order.

PG 2 DEPOSIT/PURCHASE AGREEMENT

OPTION 3

____ **5 Year Health Guarantee** (See Health Agreement Below to see what this covers)

We offer this option if you sign up for NuVet and keep your account on auto ship for all five years. Choosing the auto ship option gives you a discount on NuVet and also allows us to track that you are choosing to keep this Health Guarantee. Don't feel locked in with auto ship, at any time you can log in and move your auto ship date. You have complete control of when it ships. Keeping auto ship allows us to track your babies health and keeps your Health Guarantee Active. Check out the NuVet Page on our website to learn about this product and make your first order.

AND

Choosing to continue to feed your baby Paw Tree dog food. Paw Tree offers an auto ship option that makes it convenient so you don't ever run out. You must choose and keep your baby on auto ship option in order to keep your Health Guarantee active. Don't feel locked in with auto ship, at any time you can log in and move your auto ship date. You have complete control of when it ships. Keeping auto ship allows us to track your babies health and keeps your Health Guarantee Active.

Why Paw Tree? Your baby is currently eating this product and loves it. It is a superb dog food and was developed by Veterinarians and Animal Nutritionists. Check out the What we feed our pack Page on our website to learn about this product and make your first order.

* We will also work hard to desensitize your puppy to everyday household noises, clippers, kids, and other dogs. Your fur baby will come to you ready to join your lifestyle.

* Your puppy has had its tail removed (unless asked to leave it) and its dew claws removed and should be all healed up by 8 weeks old. This is done at 3 days old by a licensed vet. If you are considering leaving your baby's tail we need to know this before day 3.

* Your puppy will also come home with an Aslan Kingdom Schnauzers Health Record. This record will lay out all the worming information and shots your puppy has received and all future shots they will need. **IMPORTANT...** Most babies are picked up between 7-8 weeks and have only received 1 of the 3 necessary shots they will need to make them **FULLY VACCINATED**. This means when you leave here with your fur baby, do not take them places and put them on the ground, or rest stops in grass. These places carry lots of parasites your baby can pick up. Once your fur baby is **FULLY VACCINATED** they can be free to do all these fun things.

* Your puppy will receive its first haircut at 6-7 weeks old unless you notify us that you want your fur baby left fluffy.

* Your puppy will come home with either a bed or a basket with toys and a blanket that has moms scent on them. Make sure to put your fur babies blanket with them at night and nap times for a smoother translation to their new home.

PG 3 DEPOSIT/PURCHASE AGREEMENT

Aslan Kingdom Schnauzer Contract Information:

Health Agreement

The buyer assumes all responsibility and care of their puppy once possession has transferred from the seller. Buyer has 14 days from possession to have puppy health checked by a licensed veterinarian. After 14 days, this starts your **Congenital Defect Guarantee. This guarantee is for 3 - 5 years (depending on what Health Guarantee you choose).** If within 3-5 years of life your puppy is found to have a life threatening defect (heart, liver, ect) a replacement puppy will be provided as soon as one is available upon the following condition.

- Documentation is required with proof of condition from the vet that diagnosed your puppy. Once proof of defect is provided and the affected puppy is either returned to us, or approval and proof of euthanasia is given from veterinarian to seller. Seller will then provide another puppy to the buyer as soon as the next litter is born.

At **NO** time will the seller cover vet bills. If the buyer decides to keep the affected puppy, the buyer assumes all responsibility for future care. **Initial Here** _____

YOU ARE PURCHASING A PET ONLY PUPPY. THIS MEANS IT IS NOT ELIGIBLE FOR BREEDING AND AKC PAPERS ARE NOT PROVIDED. **Initial Here: _____**

Seller will contact the buyer when puppies are available. Buyer must make their selection within five days of notification. (Puppies might have to wait to be chosen until 4 weeks if blue eyes are a possibility) You may choose your puppy in person or by emailed pictures. If a pre-born deposit has been placed on a litter that does not produce enough babies to fill the amount of deposits, your deposit can be used on a different litter or you can move up the list for that female's next litter. If a pre-born deposit has been placed, the buyer may request to skip one litter. **Initial Here** _____

If for **ANY** reason the buyer changes his/her mind and no longer wants to purchase a puppy, the buyer agrees to forfeit the deposit to the seller. Deposit can be sent thru PayPal to lenzy700@gmail.com and then choose "Friends & Family" OR thru Cash App., Venmo OR cash.

Final payment is due in cash. **Initial Here _____**

If in the event the seller cannot provide a puppy to the buyer due to death, sickness, or situations out of the seller's control, your deposit will then be refunded or transferred to the next available litter. Please understand that it can take up to a year to get the exact puppy that you want as far as color, sex, or size. Deposits can also be placed on hold to use at a later date, within 12 months.

Initial Here _____

If an umbilical hernia is present in your selected puppy the seller will reduce \$100 from the purchase price to offset the cost of umbilical hernia repair at the time of spay or neuter.

Veterinary surgical cost for fixing an umbilical hernia at the time of spayed or neutered is usually between \$60-\$100. **Initial Here** _____

The seller does not guarantee size, coat, color, undescended testicle, underbite, or fertility once the puppy has left our premises. We do not warranty against hypoglycemia, retained puppy teeth, coccidiosis, giardia, ear mites, and external/internal parasites, viral or bacterial infections that may occur after the puppy is brought into your environment.
