

Hello Aslan Parent,

Let's talk kibble....

I have been a breeder for over 10+ years now and the question has always been, what is the best food to feed???? I am constantly looking over labels on dog food to check the first 4 ingredients because we all know that's the main nutrition. FINALLY.... I have found a brand that I love, and I feel so good about feeding my fur babies. Not to mention they LOVE it. The brand name is PAWTREE, take 4 minutes and watch this video located at the bottom of this document about this amazing food.

Check out the nutritional information.

VERY IMPORTANT TO REMEMBER...

YOUR PET IS GOING TO EAT LESS FOOD AND HAVE LESS STOOL WHEN FEEDING THIS FOOD. THIS IS GREAT BECAUSE YOUR FOOD LASTS MUCH LONGER AND MAKES FOR EASY CLEAN UP OF MESSES.

IF YOUR FEEDING A TOY SCHNAUZER THEN ORDER A 10 LB BAG. THIS WILL LAST YOUR BABY 1 1/2-2 MONTHS.

FOR MINI SCHNAUZERS, ORDER THE 30LB BAG, THIS WILL LAST YOUR SCHNAUZER 2-3 MONTHS.

If you are convinced this is the food for your Fur Baby, **click the link below** to place your order. Here are some things to remember when you're ordering.

Always choose the easy ship option, (this option gives you a discount and you can take it out to 120 days till your next shipment) also, if you want to get FREE SHIPPING, you simply order 3 additional items. Grab you some snacks, pet food seasoning & some Chillax.

There's a list of some of my favorite below.

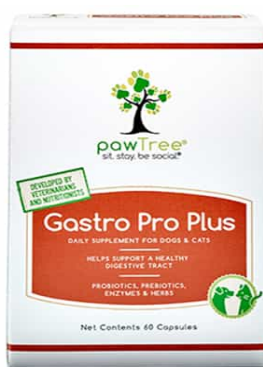

Let me tell you about some other items I love for my Schnauzer's.

Schnauzers should be on a low protein low fat diet.

This is **Real Chicken and Brown Rice**, it's a 24/12 blend, perfect for their bellies.

If you're feeding a **working dog**, you can go with a higher protein/fat blend like Real Chicken and Sweet Potato's is a 32/17 blend.

I love to start puppies on this when they go to their forever home's.
