2024 Spring Sale!

What's New and Exciting This Week? Find out right here!

- 33rd Annual Alberta Emerald Awards
- 2024 Winter's Over Sale!
- Partners in Sustainability

I am proud to announce that Backroads Reclamation has been placed on the short list for the 33rd annual Alberta Emerald Awards in recognition for environmental excellence in the category of waste management.

The Emerald Awards showcase organizations, projects,

and individuals from across Alberta who are working to address environmental and climate change issues. Since 1992, the Emerald Awards have showcased nearly 400 recipients and 900 finalists who are raising the bar in addressing environmental and climate change issues. These environmental awards are the only program in Canada to recognize environmental excellence across a diverse range of sectors.

Thank you very much to the Emerald Foundation for this great recognition. The ceremony will take place on June 6th at the Calgary Central Library. Stay tuned for more details!

To find out more about the Emerald Awards and the shortlist finalists follow the link below.
