A School for Children of All Abilities

Preschool Program

Lycoming County Children's Development Center offers a full day preschool program to children of all abilities ages 3 years old to kindergarten ready. Inclusive practices are used to help make each child feel welcomed and a part of the class. Our small class size of 12 - 15 children with 3 staff allows us to provide hands-on activities and individual attention that fosters educational and developmental growth. Our preschool program is led by a PA certified teacher and trained instructional aides. Our curriculum is based off the PA state early learning standards and incorporated into our daily lesson plans and activities. A variety of teacher-directed and child-initiated play activities encourage development in the following skill areas:

Gross and Fine Motor	Cognition
Sensory Exploration	Self-help
Communication	Socialization
Art/Music/Technology	Field Trips

Following rules and routines
Kindergarten readiness skills

Activities

Throughout the year we provide many different activities to encourage growth and development in all areas of learning. Some of the activities we explore are:

Community Field Trips

Swim Lessons

Music and Movement

Storymobile from JVB library

Guest Readers

Drumming with Mr. Mike
