Child Well-being Foundation (formerly CWF)

While the acronym CWF remains the same, it now stands for the American Legion Child Well-being Foundation (formerly the Child Welfare Foundation). The name officially changed back in 2024, so we all need to get used to using the new title moving forward.

Established in 1954, the Foundation was created as a repository for funds from individuals and organizations wishing to support the betterment of children across our nation. Over the years, it has provided millions of dollars in grants to nonprofit organizations that promote child safety, emotional and physical wellness, family stability, and education.

However, donations to the Foundation are currently lower than in previous years at this time, and the need for our support remains strong. Every contribution—large or small—helps the Foundation continue its vital mission of improving the quality of life for children and families in need.

Squadrons and members are encouraged to make a donation or hold a small fundraiser to benefit this important program. Let's help ensure the Child Well-being Foundation can continue its legacy of service to the youth of America.

Grant application deadline: May 31, 2026

Casey Cares Foundation

The Casey Cares Foundation provides uplifting, year-round programs for critically ill children and their families.

Squadrons are encouraged to host collection drives for monetary donations, gift cards, or new pajamas—helping to keep families' spirits high during challenging times.

Even a small effort can make a big difference for these families, reminding them that the Sons of the American Legion are thinking of them and care deeply for their well-being.

Be The One (Michael Watts) lakehousemw@yahoo.com

The American Legion's top priority is to reduce veteran suicides by encouraging veterans, caregivers and others to "Be the One" to save the life of one veteran. Instead of focusing on the staggering number of veteran lives lost each day, it is time to focus on saving one at a time. That starts with destigmatizing mental health issues and making it OK for veterans to ask for help. Betheone.org

BIG NEWS :

Home-Based Primary Care (HBPC) teams now have a faster and more secure way to support Veterans in remote areas, even those without internet access, thanks to the recent implementation of the Oracle Health Community Care app, formerly known as Mobile Care.

The app allows HBPC staff to view critical patient information, including documentation, orders, medications, labs and histories, in an offline, read-only capacity, enabling providers to deliver consistent, high-quality care in rural or low-connectivity areas. The app also has additional features, such as essential risk assessments and offline free-text documents.

On Sept. 30, 2025, Veterans now have two secure options to sign in to VA.gov and VA mobile apps—a Login.gov account or ID.me account. Most Veterans have already made the switch. If you're still using a DS Logon username and password it will no longer work.

Legislative (Chairman: Darryl English) englishsta14@msn.com

The 119th Congress has shut down the Federal Government due to our Legislators in the Senate not passing the (CR) Continuing Resolution to fund our government. We need to hold our Legislators accountable to pass the CR, re-open the Federal Government and get back to work for America.

This will allow for critical services to be funded that support our National Security, our Veterans, active- duty military and our citizens. The disagreements taking place now can be negotiated in future bills.

Our Legion brothers and sisters need us to continue contacting our legislators to pass several bills. They have added 2 new Acts since the government shutdown.

- We proudly endorse a newly submitted bill **“Pay our Troops Act of 2026”** which would ensure the members of our Armed Services get paid in the event of a government shutdown. This will direct existing, unappropriated funds for FY 26 be used to pay members of the Armed Services active duty, reserve, and Coast Guard. It will also pay civilian employees and Department of Defense contractors designated by the Secretary of Defense as supporting the Armed Services in the event of a government shutdown.

- We also urge Congress to adopt Representative Bill Keatings amendment in the 2026 fiscal year **National Defense Authorization Act H.R. 3838** to update and preserve the Chaplains Hill Memorial at Arlington National Cemetery. The memorial honors chaplains who have died while serving their country.

- The “**Saves act**”, **Service Dogs Assisting Veterans Act** has been amended in the “House Committee on Veterans”
- The “**Guard and Reserve GI Bill Parity Act of 2025**” is currently being reviewed in the “House Veterans Affairs committee”
- “**Major Richard Star Act**” has stalled in committees and sub-committees of both the House and Senate since March 2025.
- The “**Ships for America Act**” has passed the House, been read twice on the Senate floor and referred to the “Committee on Commerce, Science and Transportation”.
- The “**Love Lives on Act**” has stalled in committees and sub-committees of both the House and Senate since March 2025.

VOTER VOICE: WE NEED YOU!

Please go to www.votersvoice.net/AmericanLegion/home ,set up an account, fill in the pre-typed letter and have it automatically email your representatives to support these acts and pass them into Law.

NEC Report (NEC Tom Deal) tom.deal@verizon.net

I bring you greetings from SAL National Commander William Bill Clancy from New York, who was elected at the National Convention in Tampa. We just completed the fall NEC in Indianapolis on October 3rd to the 5th, a great meeting with a wealth of information, and it's all on the website. Commander Clancy is scheduled to be with us during the mid-winter conference on January 30th to February 1st in Ocean City, and is planning to plunge at the Polar Bear Plunge. He has a goal of setting a new record, surpassing the 400,000 members from this year, and BeTheOne is still his focus to help end veteran suicide. The American Legion created the 250 Challenge. We're asking everyone to get involved with one of three things, physical fitness, service, and mental health. We're asking everybody to create an activity centered around the idea of 250. The Commander Clancy's plan is to do 250 workouts as he travels the country, and a second component to plant 250 trees this year around the country and have them named after local veterans in the local communities. The challenge is simple. Do something that adds up to 250 hours of volunteer service. Walk or run 250 miles. Anything that equals 250.

Also at the NEC, we have a tradition for the last 20-some years of having a ta-ta tribe. Being October, we support breast cancer awareness. The tribe was developed 20 years ago. Every year we come into our hospitality room. Anyone can come in. You get your pinky-painted pink for \$20. And this year we raised \$2,700. And we've done that every year. That's the gratitude we get there. We work hard. We play hard. When we get done, we have a little fun. Massachusetts and Arizona have both established a tribe to help support this cause.

After the plunge on our way down to the Mid-Winter Conference, we will be taking the National Commander to Patriot Point. One of the activities we are looking to do is plant a tree at Patriot Point.

COMMANDER'S PROJECT

By PDC Joseph Lohman, Project Chairman

As the project chair for Detachment Commander Miller, we have a unique opportunity to support our veterans in need in our own backyard. Commander Miller's project this year is to help our veterans at a retreat facility near Cambridge Maryland. The retreat facility known as Patriot Point's overall mission is to provide a safe, secure and tranquil outdoor recreational facility for wounded, ill, and injured, active-duty service members, veterans, their families and caregivers who face daily struggles related to their time spent defending our great nation.

The project will consist of building an upgraded firepit area along with a handicap walkway from the main building to the firepit area. This will help our veterans with limited accessibility to enjoy the firepit near the Little Choptank River. Show brief video of Patriot Point online mission!

We are looking forward to working with the 18,000 plus members of the Detachment of Maryland, turning this vision into reality. Please let us know of any fundraisers you may be having to support this project. If you have any additional questions regarding the Detachment Commanders Project, feel free to contact me at squadron60@verizon.net

NEF - The American Legion National Emergency Fund (NEF) is a fund established to provide immediate financial assistance of \$3,000 to American Legion members and \$10,000 to Posts affected by natural disasters. The NEF helps cover essential needs like temporary housing, food, and clothing.

Our NEF Chairman, Bill Stem, has set a goal to raise \$8,000 again for the fund this year. Please make checks out to Detachment of Maryland with NEF in the memo line. Mail checks to Detachment Adjutant Bill Matoska.

Flag Replacement – The American flag is a powerful symbol of freedom, sacrifice and unity. Reach out to your local organizations and see if they need their flags replaced. Scouting America – Scouting has been an important part of The American Legion for over 100 years. Take the time to see how many Troops are in your area and make sure you have a current contact. If you have any questions or concerns about Scouting America, reach out to Lenny Wertz at Buffalo8265@msn.com

Legion Baseball – The 100th season American Legion Baseball season is wrapping up. The playoffs and World Series will wrap up on August 19th. Now is a good time to reach out to see if there is interest in a Legion Baseball team if your post doesn't have one. You can also reach out to your local team. If you have trouble finding a team or wish to start one and need assistance, please reach out to me.

Boys State – Boys State and Boys Nation have wrapped up for last year. I recommend you look up the information about it online. The American Legion had some good information and videos/pictures about the events. Just because it has wrapped up doesn't mean it is too early to reach out to schools to prepare them for next year's Boys State.

Flying Flags for Heroes – With two major flag holidays behind us, only Veteran's Day remains as the last large event of placing flags. For all events, large or small, that flags are placed, please record it in flyingflagsforheroes.com. Halfway through the year and we are under half a million flags. Try to do your part to help us make it a million this year.

Oratorical Scholarship Program – The 2025 National Oratorical Scholarship competition wrapped up in May but the time to start reaching out to schools and other organizations about next year is now. The Post contests begin in February, and our competitors need time to prepare.

Fisher House:

Fisher Houses are set up to encourage a sense of community while giving private respite to tired families. You can make your favorite meal in the gourmet kitchen before turning in for a good night's sleep.

The American Legion has been a steadfast supporter of the Fisher House Foundation, an organization that provides "homes away from home" for families and caregivers of service members and veterans receiving medical treatment at major military and VA medical facilities worldwide. These accommodations are offered at no cost to guests and are strategically located near treatment centers.

Fisher House has 3 houses in Maryland and 1 more in the works at Perry Point. There are no events scheduled in Maryland at this time.

Perry Point VA -

The Perry Point VA Medical Center is a leader in providing comprehensive mental health care to Maryland's veterans. The medical center offers long and short-term inpatient mental health care, including an inpatient alcohol and substance abuse treatment program that is unique in the Mid-Atlantic region. A new inpatient mental health care facility offers specialized treatment programs, rehabilitation services and enhanced patient privacy for veterans in a comfortable, state-of-the-art setting. The medical center also offers a full range of inpatient medical, intermediate and long-term care programs, including nursing home care, low-level rehabilitation, geriatric evaluation and management, respite care, chronic ventilator care and hospice care.

VA Clinics -

While the VA has made strides in improving care and access for veterans, challenges remain in areas like administration, funding, and access to specialized services.

Addressing these issues requires a multifaceted approach that includes streamlining processes, increasing funding, improving communication, and ensuring that all veterans receive the support they need and deserve. The Sons of the American Legion Detachment of Maryland and individual Posts have made significant financial contributions to the VA Maryland Health Care System to support veteran patients. These funds provide essential items and services such as food, clothing, transportation, adaptive sports programming, and holiday gifts for veterans in VA facilities. Please keep donating and volunteering.

Baltimore VA -

While there aren't any large-scale, recurring VA events listed for Baltimore City specifically in the immediate future, the VA Maryland Health Care System recently hosted a significant PACT Act Veterans Claims Clinic & VA Health Care Information Fair in July 2025, which included opportunities to file claims, get information on healthcare, and connect with resources. This expands and extends eligibility for VA health care for Veterans with toxic exposures and Veterans of the Vietnam era, Gulf War era, and Post-9/11 era. Based on current compensation rates, a single veteran with no children and a 60% disability rating may be entitled to over \$1,000 in compensation per month. This amount increases too over

\$3,000 with a 100% VA disability rating. If you need more information go right to the website for the VA Baltimore.

Loch Raven -

The Loch Raven VA Medical Center had an event for the "Distribution of Salute to Veterans Week" at the Loch Raven VA Medical Center, organized by the Maryland Gold Star Moms. While specific events directly at the medical center are limited in public listings, it also hosts or supports various veteran programs and services, such as those for homeless, women, and minority veterans, as well as mental health, PTSD, and adaptive sports. You can contact the VA Maryland Healthcare System's Voluntary Service office is recommended. You can also inquire about volunteer opportunities or donating to support Veteran services at the Loch Raven facility.

Be the One -

The "Be The One" initiative, spearheaded by The American Legion, is a significant program focused on preventing veteran suicide by destigmatizing mental health support and

encouraging individuals to actively support veterans in need. The Sons of The American Legion (SAL), as a program within The American Legion Family, actively participates in and promotes the "Be The One" mission, encouraging its members to be vigilant and reach out to veterans who may be at risk.

The GOAL is to have 100,000 Strong by the end on 2025. How many of you know suicide

prevention to where you can recognize it inside your post? That's where we're trying to go. When you meet people in the post, make sure you talk to them. You do not know what people are going through. 11,000 American Legion Family members have been trained in suicide prevention since February, but we need a lot more. Go to the website and log in for free training and Be The One.

Legislative Commission Report

By Darryl English, Chairman

Good afternoon everyone,

The American Legion needs our help supporting some key bills as they work through the Legislative process.

Detachment of Maryland
Minutes of the
D.E.C. Meeting held at Laurel Post 60, (Laurel, MD)
August 2, 2025

- The “SAVES Act”, the Service Dogs Assisting Veterans Act is for Injured Service Personnel and Veterans with Mental Health Conditions.
- The Guard and Reserve GI Bill Parity Act of 2025,

Currently, National Guard and Reserve service members only earn credit, toward their Post- 9/11 GI Bill benefits when they mobilize and deploy for federal missions. National Guard and Reserve servicemembers activated under state orders do not accrue eligibility for Post- 9/11 GI Bill benefits.

This bill proposes to count every day they are in uniform.

- The Major Richard Star Act, currently combat-injured veterans face a reduction in their retirement pay for every dollar of disability compensation they receive. This act aims to rectify this by allowing combat-injured veterans to receive both their retirement pay and disability compensation without offset.
- The SHIPS for America Act, Shipbuilding and Harbor Infrastructure for Prosperity and Security for America Act. This intends to improve maritime security of the United States of America. This crucial element has been overlooked for far too long.
- The Love Lives On Act:

This will help our Gold Star Spouses as they currently must choose between companionship and remarriage before the age of 55 or keeping their benefits.

- This proposed bill will eliminate the age limit for remarriage without loss of benefits
- allow them to retain education benefits
- preserve commissary and exchange benefits and
- enable remarried spouses to retain Tricare benefits and abolish the “Hold Themselves Out to be Married” clause which is an outdated law.

Visit the American Legion Grassroots Action Center where you can find more detailed information on these bills and in the latest Pride publication.

Please also take the informational handouts that are on the sign-in table to share back at your Post.

Please go to <https://www.votervoice.net/AmericanLegion/home> where you can submit the auto-generated forms supporting these bills. Let your US Legislators know that we are holding them accountable to get these acts passed into law.

I can help you with getting this done today, come see me in the back of the Hall and we can get this done.

Detachment of Maryland Sons of The American Legion

Constitution and By-laws Committee Outreach Initiative

Introduction

This report is presented to the Detachment of Maryland Sons of The American Legion by the Constitution and By-laws Committee. The purpose of this communication is to outline our upcoming statewide outreach initiative concerning squadron Constitutions and By-laws and to ensure compliance with the latest requirements established by the Detachment.

Outreach Plan Overview

In an effort to uphold organizational integrity and uniformity, the Committee will be conducting a comprehensive assessment of all squadrons within the State of Maryland. The primary objectives are:

- To determine whether each squadron has an established Constitution and By-laws.
- To assess whether these documents are in compliance with the new requirements as set forth by the Detachment.

Mailing Initiative

Within the next 14 days, the Committee will initiate a mailing campaign targeting all squadrons across Maryland. This correspondence will request that each squadron:

- Confirm the existence of their current Constitution and By-laws.
- Submit copies of these documents for review (if requested).
- Indicate whether their governing documents have been updated to reflect recent changes in Detachment requirements.

The mailing will include a cover letter, a compliance checklist, and instructions for submitting documentation or responses to the Committee.

Next Steps and Timeline

1. Mailing Distribution: All materials will be sent to squadron leadership within 14 days from the date of this report.
2. Response Window: Squadrons will be asked to respond within a specified timeframe following receipt of the mailing.
3. Review and Follow-Up: The Committee will review all submissions and follow up with squadrons as needed to address any issues of non-compliance or to provide guidance on updating documents.

Conclusion

The Constitution and By-laws Committee is committed to supporting all Maryland squadrons in maintaining up-to-date and compliant governing documents. We appreciate your cooperation and timely response to this important initiative. Further updates will be provided as the outreach progresses.

Respectfully submitted,

Joe Gladden
