Recommendations for a Safe Return to Worship

Preparation

PLANNING

Assign responsibility for monitoring and incorporating government orders and guidance.
Assign responsibility for coordinating with local health authorities and law enforcement.
Provide leaders, staff and volunteers with masks and other protective equipment to wear while serving.
Establish protocols for physical distancing before, during and after services including seating arrangements, modified worship practices and dismissal procedures.
Continue offering online worship options for those who are sick, higher risk, have been exposed to a coronavirus (COVID-19) patient within the last 14 days or are otherwise uncomfortable gathering in person.
Develop isolation protocols should a staff member, volunteer or attendee become ill at your facility.
Minimize use of printed or hand-held materials such as bulletins, hymnals, bibles and attendance pads.
Do not share equipment used for worship services such as microphones, etc.
Minimize areas of your building(s) being used during services and gatherings to minimize disinfecting needs.
Block off unused areas of your building(s).
Designate 1-in-1-out protocol for tight spaces.
Establish frequency and processes for enhanced cleaning and disinfecting — between services at minimum.
Develop admission criteria for worship services, noting that anyone who is ill or appears ill should plan to worship remotely.
Postpone children's activities such as nursery/child care or implement additional safeguards.
Discontinue playground use or implement additional safeguards and limitations.
Postpone mission trips and summer activities such as vacation bible school (VBS).

CRITICAL NUMBERS

- ✓ Six feet of distance = 50 square feet per person when removing overlap.
- √ The virus may live on surfaces up to seven days.
- ✓ Disinfectants may need 2-10 minutes of contact to be effective (see EPA list).
- ✓ Symptoms typically show within 7-14 days.

BUILDING

Conduct a thorough facility inspection/walk-through to check on the safety of your building before it is reopened.
Restart systems and reset thermostats and lights.
Flush hot and cold water through all points of use in your building if unoccupied for a prolonged period.
Complete spring HVAC (professional) maintenance.
Address overgrowth and other issues stemming from building vacancy.
Check for any rodent/pest activity or infestations.
Address any slip, trip and fall hazards.
Thoroughly clean and disinfect the building and contents before reopening.
Ensure cleaning supplies and disinfectant have been ordered and are on hand.
Make hand sanitizer and/or hand wipes available throughout the building.
Post signs regarding social distancing, safety measures and handwashing.

Preparation

SUPPLIES		BEFORE SERVICES		
	Disinfecting agents for your facility.		Disinfect the worship area.	
	Hand sanitizer for staff, volunteers and attendees.		Disinfect worship materials such as microphones and	
	Masks and gloves for staff and volunteers.		music stands.	
	Face coverings for attendees.		Disinfect restrooms and other common areas.	
			Replenish disinfecting and covering supplies.	
COMMUNICATION		DURING SERVICES		
Prior to reopening, communicate your plan via multiple channels such as email, website, newspaper, social media, phone calls, etc.			At entrances, prop doors open (weather permitting), apply admission criteria and provide hand sanitizer.	
	Communicate the plan and make it available to members and non-members alike.		Seat individuals or family units from front to back if building entrance is located rear of the worship area.	
	Update and share details of the plan as circumstances change.		Modify "passing the peace" or greeting time to avoid physical contact.	
	Reinforce messaging that persons who are ill or higher risk should continue worshipping remotely.	AF	TER SERVICES	
			Dismiss attendees from closest to furthest from the exit.	
INSTRUCTIONAL MATERIALS Develop on-site instructional materials such as signs or projected images to generate awareness of new protocols			Disinfect your worship area, materials, rooms used and frequently touched items such as doors, light switches, chairs, etc.	
and procedures.			Provide hand sanitizer and new protective equipment	
	Directions to aid the flow of people and vehicles.		(masks and gloves) to those that have post-service responsibilities such as counting offerings, etc.	
	Information on physical distancing and face coverings.			
	Messaging to stay home if sick.	СН	ILDREN'S ACTIVITIES	
	Importance of handwashing and hygiene practices.		Disinfect activity areas and equipment before, between and after activities.	
TRAINING			Establish admission criteria and have parents drop children off outside the activity area.	
Train staff, leaders, ushers and volunteers on established plans and protocols for worship services and gatherings.			Plan for activities that maintain appropriate spacing.	
	Addressing high(er) risk individuals that arrive or those presenting signs of illness.	OF	FICE OPERATIONS	
	Maintaining physical distance requirements among those who attend.		Create accountability for yourself and your co-workers regarding established protocols.	
	Understanding cleaning and disinfecting procedures, as well as the supplies used.		Maintain physical distance and wear face coverings to protect each other.	
			Consider having office spaces deep cleaned on a weekly	

basis.
