

DISCOVER SCIENCE OCEAN STEWARDS EXPERIENCE

JULY 7-12, 2026

Join us for an exciting Ocean Stewards Experience, where we partner with I.CARE to learn and engage in coral and sponge restoration and coral nursery maintenance.

I.CARE (Islamorada Conservation and Restoration Education) is a nonprofit organization based in Islamorada that focuses on coral reef restoration, marine science, and community engagement in the Florida Keys. Their core mission is to restore and protect coral reefs, especially iconic sites like Alligator Reef, through a mix of science and hands-on community engagement, actively involving everyday divers in real restoration work.

Minimum of 30 dives needed in order to dive with I.CARE.

Trip packages start at \$1,479 per person.

Trip arrangements made by **Becky, our Travel Advisor at TravelGreene.**

DISCOVER SCIENCE OCEAN STEWARDS EXPERIENCE

JULY 7-12, 2026

Tentative Agenda (conditions permitting):

- July 7 – Arrival and Discover Science Welcome
- July 8 – Two morning dives (option for afternoon dives)
- July 9 – I.CARE Sponge Outplant Training and two dives
- July 10 – Two I.CARE Coral Maintenance Dives
- July 11 – I.CARE Coral Outplant Training and two dives
- July 12 – Departure

This package includes:

- 5 nights accommodation in a one or two bedroom suite at Ocean Pointe Suites
- 8 dives with **Key Dives** including tanks and weights
- Discover Science-led sessions
- I.CARE Donation

Rental gear is extra and can be arranged on site.

Additional dives can be arranged.

Non diver rates are available. Please send us an email directly if you need non diver rates. Limited number of spaces.

Note** We will be diving in the afternoon on Saturday, July 11th. If you are flying, you will need a PM flight on the 12th, or you may need to stay until the 13th in order to be outside of no fly time. Additional nights can be arranged by Travel Greene.
