

DISCOVER SCIENCE ON THE SEA

Marine Biology Cruise
July 9-July 17, 2022

Join us for our first **Marine Biology Cruise to the Southern Caribbean**. As we cruise to Aruba, Bonaire and Curacao, our team of Scientists and Educators lead your kids (ages 8-18) in our hands-on field and science experiences. We focus on ocean science as well as the biology and ecology of the islands you will visit. Girl Scout Badge Workshops are also offered for Girl Scouts joining our trip. Optional island excursions will be available at an extra cost.

More information and RSVP on our website:
