

MOVIEMAKING LABS

Mondays, September 13-December 13 (no class Oct 11, Nov 22; 12 weeks)

12:30pm-1:45pm

Ages 8-12

Students learn the science behind moviemaking and animation, including lighting, camera functions, sound and visual effect production, and editing, and use these skills to create their own movies. Students should bring a digital camera and tablet/laptop to shoot and edit their movies. This course is offered as a full 12-week semester (drop-in classes are not available).

Instructor: Coral Vega, MEd

Location: Science Center (suite 5)

Course fee: \$220

Early registration (10% off) through August 30

10% sibling discount beginning August 31
