

| Element Name | Element Symbol | Atomic Mass | Atomic Number | Number of Protons | Number of Neutrons | Number of Electrons |
|--------------|----------------|-------------|---------------|-------------------|--------------------|---------------------|
|              |                | 80          |               |                   |                    |                     |
|              |                |             | 6             |                   |                    |                     |
| Nitrogen     |                |             |               |                   |                    |                     |
|              |                |             |               | 4                 |                    |                     |
|              |                |             |               |                   |                    | 26                  |
|              | Kr             |             |               |                   |                    |                     |
|              |                | 27          |               |                   |                    |                     |

| Element name | Element symbol | Atomic number | Atomic mass | Number of protons |
|--------------|----------------|---------------|-------------|-------------------|
| Helium       |                |               |             |                   |
| Carbon       |                |               |             |                   |
| Calcium      |                |               |             |                   |
| Sodium       |                |               |             |                   |
| Copper       |                |               |             |                   |
| Gold         |                |               |             |                   |
