

SCIENCE OF SMALL ENGINES (mini course)

Session 1: Thursdays, January 28-March 11 (no class Feb 18, Apr 8; 6 weeks)

12:15-1:45pm

Ages 8-12

Session 2: Thursdays, March 18-April 29 (no class Apr 8; 6 weeks)

12:15-1:45pm

Ages 12+

Students learn the external and internal parts of a small engine, the science of engine fluids, and safety precautions when using engines and tools as they disassemble and reassemble a lawn mower to investigate the mechanics of how small engines work. All lab costs are included in registration fee. Course enrollment is limited to 12 students.

Instructor: Harrison Fowler

Location: STEM Lab (suite 21)

Mini-course fee: \$125/session

10% sibling discount
