2025 Falcon 1xT
OVERLAND REDEFINED

FALCON

1xT

First Highway legal extreme Off-Road vehicle offers unparalleled control with 1xT advanced 4-Wheel Steering system, precisely designed for both On-Road and Off-Road adventures, ensuring remarkable cornering precision.

FALCON

1xT

1xT
602 HP / 730 Ft-lbs Torque
Designed to conquer any Off-Road
terrain with ease and confidence.

FALCON

1xT

The electronic disconnect sway bar enhances off-road capability by allowing greater wheel articulation, providing better traction on uneven terrain.

Double wishbone suspension ensures stability and control, reducing vibrations and improving handling in rugged environments.

1xT

**Easy load Tailgate
with assistance
handle allows for
easier loading of
cargo**

FALCON

1xT

Experience unmatched adventure with the 1xT, featuring a fully insulated cabin and optional deep water fording capability, allowing you to confidently navigate through up to 1 meter of water.

Connectivity

Advanced Connectivity: Falcon 1xT offer advanced connectivity features, including smartphone integration, over-the-air software updates, and the ability to control certain vehicle functions remotely through dedicated apps. ++

Large Infotainment Screens:

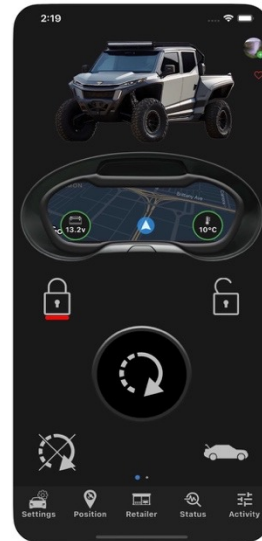

1xT equipped with large touchscreens that serve as the central hub for infotainment, navigation, and vehicle controls.

Spacious Interiors:

The absence of a traditional Drivetrain in Hybrid electric vehicles resulted in a more spacious interior. This led to creative seating arrangements.

Optional Biometric Sensors:

Biometric sensors, such as facial recognition or fingerprint scanning, can be used for vehicle access, personalization of settings, and enhanced security features.

Experience the next level of off-road control with 1xT infotainment Wide screen. Designed for seamless and intuitive use, the display puts advanced off-road functions at your fingertips. Effortlessly monitor terrain modes, traction settings, suspension adjustments, and real-time vehicle diagnostics all with a touch. With an ultra-responsive interface and a sleek, driver-centric design, navigating even the most challenging landscapes has never been easier. Conquer any adventure with cutting-edge technology that enhances both performance and convenience.
