燒烤

Hot Pot & Korean Barbecue

火鍋

Korean Barbecue (or K-BBQ), locally known as gogi-gui (고기구이 in Hangul), is the Korean style of grilling thin slices of meat like beef, pork, and chicken on a grilling pan

The meat dishes are served raw, and the customers have to grill it themselves before they can feast! The meat of Korean BBQ may or may not be marinated

There are numerous ways to enjoy a Korean barbecue. You can eat the meat straight off the grill, or you can have it as small bite-sized parcels where the meat is dipped in latao special sauce and wrapped in lettuce with garlic hot peppers and rice

Hot pot is Chinese cooking method, Prepared with a simmering pot of soup stock at the dining table, containing a variety of East Asian foodstuffs & ingredients. While the hot pot is kept simmering, ingredients are placed into the pot and are cooked at the table, Typical hot pot dishes include thinly sliced meat, leaf vegetables, mushrooms, wontons, egg dumplings, tofu and seafood. The cooked food is usually eaten with a dipping sauce.
