MitoGENE
Committed To Care and Compassion

CONNECTING THE HEALTHCARE DEMAND AND SUPPLY

MitoGENE

Committed to Care & Compassion

SUPPLIER & EXPORTER OF MULTI BRAND SPECIALITY PHARMA PRODUCTS

We work closely with healthcare manufacturers and distributors to help our clients gain access to high-quality products at a very competitive price. Our team is an exceptional mix of people from different backgrounds in healthcare with strong expertise in sourcing, handling, and exporting documentation. Through our network of manufacturers and suppliers, we identify the best source for your requirements. We ensure safe shipment and delivery, through our trusted logistic partners. We will keep you updated at every stage of the process, from sourcing to customs clearance and freight forwarding to shipment. We are dedicated to attaining zero defects and have stringent quality controls in place to ensure that every product supplied to our clients meet all applicable quality and complies with regulatory standards such as GMP & GDP. We provide complete and accurate quote for your requests and ensure the quality & identity of the products is maintained during all aspects of the distribution process like procurement, storage, distribution and transportation. Our end-to-end services allow healthcare providers globally to manage their day-to-day operations effectively with high quality and cost effective products and serve their patients better.

**Your trusted partner for
Specialty pharma products**

"Our vision is to build a sustainable ecosystem that enables everyone to access high quality and cost-effective medicines across the globe"

Our Products Portfolio include drugs in following categories

- Oncology drugs
- Nephrology drugs
- Antivirals
- Antibiotics
- Antifungals
- Hormones
- Vaccines & Others
