Fingerprint & IRIS Handheld Scanner Device

VNG-COB Easy Desk

VNG-COB Easy Desk elegantly combines fingerprint, IRIS and standard android tablet into a beautiful but rugged casing. **Easy Desk** comes with 2GB RAM and 16GB inbuilt memory which is expandable up to 64 GB that gives plenty of space to store around 100,000 fingerprint templates/photos and 100,000,000 transactions. With STQC certified fingerprint and iris sensors, the terminal is designed to accommodate the rising use of biometric authentication.
