### **I. Welcome/Introductions**

Kevin M. , Co-Chair called the meeting to order at 10:10 am. He welcomed everyone and introductions were made. A moment of silence was observed.

### **II. LIFQC Dental Presentation**

Ms. Emilly Trice, Dental Operation Manager at Long Island FQHC presented on the Oral Health Services that the agency provides. The PowerPoint gave an overview of the program. The presentation began with information regarding the location, hours of operation, and contact information. The mission of the Long Island FQHC, Inc. is to increase access to comprehensive primary and preventive health care and to improve the health status of the community, especially for the underserved and vulnerable, in a financially responsible manner. Their goal is to ensure that every Long Islander has a “medical home”, a place where they can have access to quality health care services from a team of caring, dependable professionals and is dedicated to providing increased access to primary and preventive health care. This is accomplished by providing affordable health services to community members, especially underserved and vulnerable individuals, whether insured, uninsured, or underinsured; there is a sliding fee scale.

Many insurances are accepted. The dental services provided include: exams, x-rays, hygiene care such as cleanings, sealants, and fluoride, gum health and treatment, root canals, extractions. Referrals are given for services not provided.

Copies of the PowerPoint presentation were sent to committee members for reference.

### **III. CAB Updates**

- CART CAB has been meeting via conference rather than on Zoom or Teams call citing confidentiality concerns.
- Options offers regularly scheduled zoom meeting updates to keep employees updated and informed.
- The HRHCare monthly CAB meetings have been replaced by Friday Zoom meetings. There is a social, educational and supportive component to each meeting. An outdoor event was scheduled in place of the usual meeting. Social distancing and CDC guidelines were followed.
