

## **2022 Lottery Application for Half Day Camps**

We will be using a lottery-style enrollment system. A submitted application is not a guarantee for placement in summer camp. However, an application is the first required step for enrollment.

Due to the limited number of spaces available for camp this summer, a camper may only be able to attend several sessions during 2022, but please fill out the enrollment lottery with all your available dates and desired number of sessions.

### **Here is the timeline and details for the enrollment lottery:**

**February 7-18 - Lottery Applications will be accepted for ages 5-8.** Submit an online application for camp. A separate application must be completed for each camper. If chosen by the lottery, all siblings in the same family that submitted an application will be added to the roster. Once submitted, an application cannot be edited. You can only submit one application per camper. No deposit is due with the application.

**By February 22:** Emails will be sent to all applicants with notification of enrollment status for campers ages 5-8. Campers chosen through the lottery will receive additional instructions for accepting/completing their enrollment. Those not selected through the lottery system will be put on the waitlist and notified if space becomes available.

**By March 15:** Campers ages 5-8 that are selected by the lottery for 1/2 day sessions must complete their registration by March 15. Unless another payment plan is arranged, payment in full must be submitted at time of registration.

### **Additional Information:**

Be sure to indicate all the available days that your child can attend camp on your application. We will try to enroll campers in their first-choice session. If that session is full, we will move on to your second choice, or third choice. The number of days of participation will be determined by the number of lottery applications.

Once camp sessions are full, any remaining applicants will be placed on the waitlist. We will continue to use a lottery-style process for those awaiting availability.

**We encourage families to submit applications after enrollment deadline as special events may be offer to families on the waitlist. Also, spaces sometime become available due to changes in summer plans.**
