Classes for Everyone

From our musical baby classes to our adult classes and everything in between.

Sandra Lynn's provides high quality technique and dance education in an environment that encourages and motivates each student to grow and use dance to express themselves, build friendships, and create a sense of community.

SLSD welcomes you to our studio! We are honored that you have chosen us to be part of your child's life, and want to extend our appreciation for being part of our family. Our teachers work hard to provide a high-quality, fun experience and exercise for your children. Your children are the primary concern of our staff and we are directly invested in their success here at SLSD. Our highly-qualified staff brings a wealth of performance and teaching experience to the classroom. Our recreational dance program, for those interested in developing their technique, allows a student to explore dance at their own pace. You are more than welcome at any time during the year to add a technique class to your account starting at \$12 per class. This is a great way to try another style or improve on a style you are already doing. Our more intensive program for competitive dancers will train your child to be a well-rounded passionate dancer with a solid basis in technique. SLSD is proud to be the home of a nationally-recognized competitive dance team, and auditions are held annually for all styles of dance. Please look over this packet of information, which we have compiled to make your transition as easy as possible. We constantly strive to make your child and our studio the best we can be. We are excited to have your family join us in this endeavor! Again, we thank you for your support and look forward to the coming year! We are excited to have toddler classes back at the studio and are anxiously awaiting our new Buddy Program for the dancers with special needs.
