Hello. I am David Warburton, the new President of the Club, replacing Peter Pennington who is moving off to pastures new. I'm sure we all thank him for his sterling work for the club and wish him and Mary Frances well for their new life in North Carolina.

I see myself as a caretaker for the Club. We need to recruit younger blood; people with ideas and people not afraid to look after the web site and our social media. Winston

Churchill was one of our early patrons and he never was afraid to step forward. Please follow his example.

Email [bocwashdc@outlook.com](mailto:bocwashdc@outlook.com) to say you (and your companion) are coming. Dress - smart casual
