\$50 per month	\$50 per month	\$65 per month

The DiscoverDance Early Childhood Program is a series of movement classes designed to introduce children to the creative and expressive world of dance. Each program offers children the opportunity to develop their natural movement ability in a multi-sensory environment. Music, movement, visuals, and props will enhance your students' love of the art form and the unique conceptual approach to dance education will provide the opportunity for cognitive growth.

DiscoverTots! (Ages 2 & 3) Watch your child's independence and confidence soar, as our DiscoverTots explore and discover the benefits of a more structured dance class. Following directions, waiting our turn, and collectively problem solving will encourage emotional and social development. Live singing, musical play, and sensory props will have these little ones moving and grooving with their friends and eager to return to class each week!

DiscoverDance I (Ages 3-4) During class your little one will discover the magic of imaginative play with live singing, structured explorations, and skill development. Our DiscoverDance 1 classes offer an outlet for creative expression, physical growth, and social interaction. Children will explore the essence of movement that will lead to the discovery of multiple styles of dance.

DiscoverDance II (Ages 4 & 5) explore concepts with emphasis on physical growth, flexibility, and coordination. Short choreographic combinations assist in memory development as structured explorations continue to assist the development of problem solving and social interaction.
