

Leonardo Ruzzante

PROFILE

I consider myself a determined and willing to learn person, with excellent communication skills, which have allowed me to relate to the world of work from a very young age.

I deal with the development of projects/start-ups such as E-commerce, in the same area I also provide consultancy.

I have strong team work & leadership skills. My experience derives in part from the studies I attend, but of greater importance are the working experiences, deriving from projects proposed and developed by myself and from collaborations with third parties that have strongly shaped my person.

Ultimately I have collaborated for an international no-profit research project (TESORO) on gender-based economic violence funded by Ministerio de la Presidencia, Relaciones con las Cortes e Igualdad, a través de la Secretaria de Estado de Igualdad, it involved 200 researchers, students and professors, from 2 countries (Ita-Spain) and 4 universities, and CAVs around the territory of Comune di Roma. Moreover I am a member of a political organization (Italia Ecodigital) together with the former environment Minister Alfonso Pecoraro Scanio, that has the goal to promoting sustainability, economic and digital growth in Italy.

SKILLS

- PR
- Problem solving
- Negotiation skills
- Data Analyst
- Communications
- Team Work
- Leadership
- Project Management
- Start-ups
- Creativity
