## Payment Policy

One of a Kind Therapy is an in-network provider for speech, OT and PT with Aetna and Cigna.

For all other insurance companies One of a Kind Therapy is out-of-network.

One of a Kind Therapy will bill your insurance company directly. After your insurance company has adjusted the claim you will be sent an invoice. Patient responsibility may include co-pays, co-insurance, deductible and out of pocket maximums. It is expected that invoices will be paid in a timely manner. Please be aware that unpaid invoices may result in services being terminated.

I have read and accept the above mentioned payment policy and agree to their terms.
